Benjamin Boyer, left, principal of Newton's Temple Reyim religious school, teaches Jimmy Gerson, of the Junior Congregation, the technique and meaning of the ancient ritual.

Housewife's Pluck Nets Two Burglars

The courage of a young Newton housewife brought about the arrest of two burglars as they attempted to ransack her Chestnut Hill home last week.

Mrs. Margaret Kaiser, 21, of 408 Hammond st., heard the thieves as they searched through the second floor of the home she and her husband are sub-letting from Mary Lee. She was on the third floor of the house cooking supper for her husband, Dr. Robert Kaiser, 30, who had just left to go shopping.

She climbed out a window and Mrs. Peter J. Thompson, Jr., at 394 Hammond st. The Thompsons called police who sped to the scene in force in time to catch Michael T. Sne, 18, whose last known address was in Boston's South End, as he jumped from a second floor window.

Sgt. Charles W. Kennedy arrested the second man, Louis A. Marinelli, 29, also of the South End, at gunpoint in a second floor bedroom.

Marinelli was sentenced to five concurrent two-year terms in the House of Correction and the younger man received a one-year sentence in the House of Correction before Judge Leo P. Doherty in Newton District Court.

In other court action last week, three Newton youths were held in a total of \$75,000 bail on charges of robbing a Chicopee Falls coast guardman in Newton Highlands two weeks ago.

Pleading innocent to the charges were Peter M. Lang, 20, of 20 Columbus st., Newton Highlands, and William H. Curry, 18, of 125 Carlisle st., and Paul J. Pagano, 18, of 302 Lengley rd., both of Newton Centre. The case was continued until yesterday at two weeks ago.

Max C. Goodson, Ph.D., Dean of Education at Boston University will address the class.

Two traditional ceremonies will be the presentation of awards to honor students selected by the faculty according to nursing ability, scholarship and citizenship. Top student

Crystal Lake drew a near-record attendance of 110,000 for the season, Recreation Commissioner C. Evan Johnson reported following the season's closing of the bathing beach on Labor Day. This year pollution was kept to a minimum by limiting bathing time to one hour.

Pollution forced the closing of Crystal Beach on two occasions last year, and the attendance reached only 89,000.

Classes Start For Public And Parochial Youngsters; Safety Measures Stressed

On foot, by bicycle, bus and mother-chauffeured car, Newton's 21,430 public and parochial school children return to their classrooms next Wednesday, September 13.

This is the greatest number of youngsters in school, from kindergarten to high school, in the history of Newton. The total enrollment is expected to be between 160 and 225 greater than last year.

Dr. Charles E. Brown, Superintendent of Newton Schools, termed the public school population of 18,000 a "steady but not startling increase" over last year.

All Newton parochial schools will open on the same day as the public schools. Enrollment in all elementary and high school parochial schools is estimated at 3,431, a drop from the 3543 who attended the Catholic schools last year.

The drop is due to the closing of two schools, the Walnut Park Day School and the St. John's Industrial School.

This year marks the first time in Newton that the age has been dropped for children entering kindergarten. School authorities have admitted 75 children at the age of four years and six months, instead of the usual four years and nine months.

All the accepted pupils have been screened, and tested, and will be scattered throughout the kindergarten school system.

The imminent return to school has brought warnings from the Registry of Motor Vehicles, Newton Police and Safety officials concerning the safety of youngsters enroute to school.

Members of the police department, the Women's Traffic Squad, and school officials are doing all possible to educate and train pupils in the rules of safety on the highway, walking, playing, bike riding and pedestrian crossing.

Registrar of Motor Vehicles Clement A. Riley has promised the full cooperation of Registry safety officers in the drive to educate children in the habits of safety.

Registrar Riley also reminded motorists they must slow down where children are in view. Drivers who disregard — **CLASSES START** — (Continued on Page 11)

Newton Lads OK After Nautical Adventure

Two Newton youths, the object of a concentrated four-day search by Coast Guard surface vessels and aircraft, were located hale and hearty aboard the 40-foot "Alter Ego" as she approached the entrance to Marblehead Harbor on Saturday.

Howard Dunklee, 18, son of Mr. and Mrs. William S. Dunklee, of Tarleton rd., and his companion, Kenneth Melikis, 16, of 830 Commonwealth ave., left Marblehead Harbor a week ago Monday, headed for a short vacation on Cape Cod. The 40-foot cruiser belonging to Dunklee's father, a Boston and Marblehead broker, was fully equipped with food and supplies but had no radio.

The boys were reported missing Wednesday when their families failed to hear from them. Coast Guard planes, helicopters and rescue boats searched the waters of Massachusetts Bay between Cape Ann and Cape Cod for four days before the lads were spotted cruising into the approach channel to Marblehead Harbor.

"What's all the excitement about?" the boys asked their "rescuers." "We didn't know anyone was looking for us."

Jim Piersall's Dad, 74, Dies On Visit Here

The 74-year-old father of baseball star Jim Piersall died suddenly Tuesday while on a visit to the latter's Newtonville home.

John W. Piersall, who was instrumental in making his son a baseball star with the Boston Red Sox and currently with the Cleveland Indians. Piersall, a retired painter, was painting Jim's house on Kirk-stead road collapsed and died in his son's arms.

Jim called police who administered oxygen until Dr. Sidney Derow pronounced him dead. "My father had a bad heart for years," the baseball player disclosed.

Funeral arrangements were made by the Mulvey Funeral Home in Waterbury, Conn.

Newton Now Has New No Fix Auto Tags

The new "no fix" traffic violation system went into effect in Newton this week when Clerk of Court Edward J. Cronin received a supply of the new four-way tickets from the Registry of Motor Vehicles. Clerk Cronin will keep the new "Auto Citation Docket."

Under the new system, the booking officer files the tickets with his superior who turns them over to the clerk of court. The latter then notifies the motorist by letter whether a court summons will follow or whether the booking will be a "warning" with no court action.

Gibbs Seen Unopposed In November Election

Mayor Donald L. Gibbs apparently will be reelected to a second term without opposition in the November municipal election.

With 5 p.m. next Monday the deadline for filing nomination signatures with the Registrars of Voters, no one has taken out nomination papers as a candidate against Gibbs.

A rise in political activity was evident after the holiday weekend, however, and some contests appear to be shaping up for seats on the Board of Aldermen.

Considerable interest also is being raised by the fluoridation issue which is being posed for Newton voters. The question on the November ballot will read: "Shall the public water supply for domestic use in this city be fluoridated?"

Strong feeling both for and against fluoridation probably will be expressed before the voters go to the polls and answer the question.

Those who have submitted nomination signatures as candidates for Alderman-at-large are:

Ward 2 — Winslow C. Aury, 2777 27th St. and Alfred R. Guzzi of 9 Joseph rd.

Clergy Graduate From Clinical Training Course

One of the largest summer courses in pastoral counseling and clinical training for Protestant clergy has been completed with graduation ceremonies for a total of 115 members.

Training sessions, and commencement exercises, under auspices of the Andover Newton Theological School of Newton Centre, were held in the Monks Memorial Chapel at Boston City Hospital.

The clergy completing the special studies included 58 from Andover Newton School, 24 from sixteen other seminaries, 20 parish ministers and 13 who are professional chaplains. The group also included seven from overseas countries and one visiting lecturer, Victor E. Frankl, of the University of Vienna, who is both a medical doctor and a doctor of philosophy.

The original course in Clinical Training for clergy was organized and established at Andover Newton Theological School in 1931. A total of seventy-five percent of clergy active in clinical training anywhere in the world today are among the 1600 graduates of this Andover Newton Theological School program during the past thirty years.

Work as orderlies in the hospital wards occupies the first two weeks of training. The remaining 10 weeks are spent calling on patients, participating in ward rounds and lectures by members of the medical staff and daily seminars led by the chaplains which deal with the psychology of religion, illnesses, personal problems and the whole art of pastoral work and personal counseling.

Among the graduating class were students from Australia, Philippines, New Zealand, Canada, Japan, Nigeria and Scotland.

Completes Training

David C. Irwin, son of Mr. and Mrs. David C. Irwin of 73 Spiers road, Newton, completed recruit training on August 26, at the Naval Training Center, Great Lakes, Ill.

Military ceremonies marked the end of nine weeks of "boot camp" and included a full dress parade and review before high ranking officials and civilian dignitaries.

Protestant Leader Flays Church On Race Prejudice Indifference

A Protestant lay leader, Donald C. Howard of Newtonville, charged at a Bristol, N. H., conference that "the darkest blot on the moral record of the Christian church today is its indifference to the evil of racial prejudice."

Mr. Howard's remarks came during a panel discussion on "The Christian and Racial Integration." He has been active in Protestant affairs and is a founder and past general chairman of the New England Young People's Conference, a New England-wide, non-denominational religious youth convention.

He told delegates to the second annual Young Adult Conference at the Newfound Lake conference grounds of Camp Bera that "the most burning issue of modern times is the race question."

"In the vexing complexities of that issue the Christian church is faced with the greatest challenge in its 2,000 year history to the truth of its teaching," he said.

"On the basis of the evidence to date, the church must stand singularly indicted in its failure to meet that challenge. Its failure can in large measure be directly traced to the indifference of its believers to the evil of racial prejudice. As such, this indifference constitutes the darkest blot on the moral record of the Christian church today."

"However, the major sin of the Christian church," Howard continued, "has been not merely its passive default in the field of interracial relations, but even more, its direct, positive and sometimes malicious contribution to the race-caste system in America."

"In our indifference as members both of the church and of the social system we provide the ground for ignorant and prejudiced judgments. We crowd the Negro into ghettos and rebuke him for being unclean; we deprive him of the tools of basic hygiene and then point to his vulnerability to disease as an evidence of his inferiority; we build in his

Prayer Theme Of Sunday Service At Science Church

Effective prayer will be a theme dealt with at Christian Science services Sunday in a Lesson-Sermon entitled "Substance."

Scriptural readings will include the account in Luke of the Master's parable about the two men, one a Pharisee and the other a publican, who went up into the temple to pray.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read (p. 2): "What are the motives for prayer? Do we pray to make ourselves better or to benefit those who hear us, to enlighten the infinite or to be heard of men? Are we benefited by prayer? Yes, the desire which goes forth hungering after righteousness is blessed of our Father, and it does not return unto us void."

The Golden Text is from Hebrews (3): "We are made partakers of Christ, if we hold the beginning of our confidence steadfast unto the end."

suppressed soul intolerable pressures of bitterness and rebellion and indict him as exceptionally criminal; we obstruct the training of his mind and offer tests and surveys to prove that he is not the intellectual equal of the white man; we prohibit Negro children from the use of municipal parks, playgrounds, swimming pools and libraries and complain that Negro children are always getting into trouble. We hold the Negro to menial jobs, pay him unequal wages for equal work and condemn him as lazy, and lacking in ambition; we have withheld from him that which is his natural right as a man, his

civic right as a citizen, his sacred right as a child of God's creation. He has been deprived of a fundamental right — the right to have and to be."

In discussing the definition of prejudice Mr. Howard said, "It is the innate self-centeredness of the human soul that is the root base of prejudice. Racial prejudice is not a new thing but simply the latest and most virulent form of man's ancient urge for self-exaltation."

In commending the Roman Catholic Church for its progress in the field of race relations Mr. Howard said:

"The Roman Catholic Church with its power to outlaw segregation in its schools and churches by episcopal edict has a considerably better record than most Protestant denominations. Chief among its assets, of course, is

its sense of history. The Roman Communion always takes the long view and through it a sensitiveness to change, to the moods of peoples as the old orders move on and new ones appear. We might do well to learn from its example in this area."

Young Women To Be Interviewed For Foreign Jobs

A personnel representative of the International Cooperation Administration will be in Boston from Monday, September 18 through Friday, September 29 to interview applicants interested in secretarial positions overseas which may pay \$4495 a year plus housing and other benefits, including a differential up to 25% depending on post of assignment.

The agency, which administers the U.S. Mutual Security Program (the foreign aid program) has these jobs available in some of its sixty missions in the Far East, Near East and Africa.

The interviews will be conducted by Mrs. Leslie S. Bean. Please call Lafayette 3-4525 between the hours of 9:00 a.m. to 12:00 noon to make appointment for an interview to be conducted at the Massachusetts State Employment Service, Six Somerset Street, Boston.

Overseas assignments with ICA are open to young women with secretarial experience and good shorthand and typing speed. Other requirements are that the applicant

must be single, at least 21 years of age, an American citizen, have no minor children, and possess excellent health and character.

Those selected for these jobs will be assigned to such interesting countries as Vietnam, Cambodia, Korea, Iran, Iraq, Pakistan, Turkey, Ethiopia, Liberia, and elsewhere in the Far East, Near East and Africa. The headquarters of the offices to which secretaries are assigned are mainly in the capital cities of the country. Some choice of post of assignment is offered prior to appointment from available vacancies. A few positions are also available in Washington, D. C.

Overseas appointments are for two years. In addition to salary and housing, the Government pays all transportation cost.

The ICA secretarial recruitment brochure, "How To Go Abroad And Make The Most Of It" will be sent upon request to Mrs. Bean at the above interviewing location.

Political Highlights

(Continued from Page 4)

Both Senate President John E. Powers and House Speaker John F. Thompson are potential contenders for higher office. Either conceivably might wind up as Volpe's opponent in next year's election.

Volpe and Thompson rarely saw eye to eye during the 1961 legislative session. Thompson periodically took the House floor to blast the Volpe administration and its policies. Relations between the two men were chilly at best. They aren't likely to get any better.

Powers started this year by giving Volpe non-partisan cooperation. Toward the close of the legislative session, however, friction developed between them. The Republican Governor will not be able to look to the Democratic Senate head for any aid and comfort next year.

How Powers and Thompson will shape their political objectives in 1962 is something only time will reveal.

Thompson on several occasions has barely stopped short of announcing his candidacy for Governor. In fact, one newspaper interpreted a speech he made as a declaration of his intention of seeking the Governorship.

Powers, on the other hand, has never given any intimation as to the office on which he will set his sights or that he will even bid for higher office. It would be natural, however, that he should do so for he has gone as high as he can go in the State Legislature.

Thompson would be a strong candidate at a State Convention but might have a difficult time winning a primary, depending, of course, on his opposition.

Powers, despite his defeat in Boston's 1959 mayoralty election, would be a powerful contender in both a convention and a primary.

Thus, the political ambitions of Powers and Thompson might collide with each other in 1962 as well as with those of Volpe.

Powers, although a relatively young man, is completing his 23rd consecutive year in the State Legislature. He served 10 years in the House of Representatives, is now in his 13th year in the State Senate, is the first full-time Democratic Senator in the history of Massachusetts. He probably has achieved greater power, higher honors and wider recognition than any other Democratic legislator in the annals of the Commonwealth.

The likelihood is that Powers will await political developments before making his plans and fixing his target for 1962. If he chooses, he can bide his time and stand for reelection to the Senate. He probably is unbeatable in his district and undoubtedly can be the Senate president as long as the Democrats control that body.

Powers and Thompson are

just two of the Democratic leaders on Beacon Hill who may figure prominently in the 1962 political picture.

Attorney General Edward J. McCormack, Jr., is counted as practically a certain candidate for the U. S. Senate.

McCormack will note face opposition in the primary from anyone else in the Democratic party unless Edward M. (Ted) Kennedy, younger brother of the President, decides to engage in a test of strength with him.

Lieutenant Governor Edward F. McLaughlin, Jr., also had been moving around the State, building his political fences and generally acting like a man who had ideas about stepping out to run for the Governorship next year.

That obviously could affect the relationship between Volpe and McLaughlin, especially if it appeared that the two might be opponents. McLaughlin has been pretty much a down-the-line Democrat but has voted with Volpe in some instances.

Some Democrats away from Beacon Hill also may have to be reckoned with in both a convention and a primary.

Congressman Thomas P. O'Neill, Jr., of Cambridge has indicated that he will stand for the Governorship rather than engage in a state-wide congressional campaign if no new congressional districts are established.

Congressman Torbert H. Macdonald of Malden is a potential candidate for State-wide office.

Former Governor's Councilor Endicott (Chub) Peabody and former Secretary of State Joseph D. Ward are planning to run next year. Peabody for Governor and Ward for Attorney General. Peabody is virtually a perennial candidate and has absorbed several defeats. Ward might prove a strong contender for Attorney General.

Republicans with notions of running either for Governor or U. S. Senator next year must wait for an announcement from

Governor Volpe concerning his plans.

As a matter of political protocol Volpe has first claim on the GOP nomination for either office. He has done a pretty good job of confusing observers as to which he will seek.

Earlier this year, persons close to Volpe reported that he would serve only one term as Governor and strike out next year for the U. S. Senate. They have revised their opinions in recent weeks and predict that Volpe will stand for reelection. Only Volpe knows which version is correct if, indeed, he has finally made up his mind.

If Volpe decides to seek a second term in the Governorship, he might announce his intentions early in 1962.

If he makes the Senate his target, he probably would delay his statement as long as possible since his influence with the Legislature, which at best is none too strong, would wane as soon as it became known he was retiring from the Governorship. That may be one reason the persons around Volpe have changed their forecasts as to what he will do.

Since the Republican State Convention is in June, Volpe can't wait beyond early or mid-spring before letting his fellow party members know what he is going to do.

The passage or non-passage of a congressional redistricting law will determine the objectives of several Republicans, notably Congressman Laurence Curtis.

Curtis will run either for U. S. Senator or Governor if he is legislated out of office. A place would have to be found for him on the GOP State ticket in such an event.

Former Governor's Councilor Christian A. Herter, Jr., probably would be a candidate for Congress if no new congressional districts are created and all aspirants are forced to run state-wide. Otherwise he may be a contender for Attorney General.

The younger Herter might be obliged to revise his political plans if his father, the ex-Governor and former Secretary of State, were to return to Massachusetts and stand for the U. S. Senate. It is unlikely that there would be two Herters on the GOP State ticket.

It should be interesting to watch the developments on both the Democratic and Republican fronts in the weeks and months ahead as well as the political maneuvering and jockeying on Beacon Hill.

Volpe Move Awaited On Special Session

As this is written, Governor Volpe has not yet disclosed whether he will call the Legislature back into a special session this fall.

Political experts have anticipated he would do so since his chances of getting any parts of his program enacted into law would be somewhat better this autumn than in 1962 — an election year.

The pundits give strong weight to the theory that Volpe's problem of obtaining favorable action from a Democratic Legislature will become greater as the State election draws nearer.

That invariably has been true when a Governor of one party has been dealing with a Legislature controlled by the opposite party.

Cystic Fibrosis Drive Set For Week Of Sept. 17-24

The president of the Newton Branch for Cystic Fibrosis Research Foundation announced today that the week of Sept. 17-24 will be marked as Cystic Fibrosis Week with a drive for funds.

Mrs. Jack Shelman of Newton said the funds will be used for the improvement of needed medical and other services for children with this deadly disease and for an expanded nation-wide research program.

Mrs. Shelman said the National Cystic Fibrosis Research Foundation is spending \$5,000,000 on a research, teaching and patient care program that will involve scores of major medical research centers in the next five years. By the end of this year, there will be a coordinated national research team working in 26 Cystic Fibrosis Centers, located in medical school teaching hospitals, in a concerted attack on this dread children's disease for which there is no known cure.

An equipment bank for lending equipment for the home care of children with Cystic Fibrosis is one of the objectives. Home care for these children, to relieve the life-threatening congestion in their lungs, to keep them breathing, is costly, and many families cannot afford it.

Plans also include establishment of a drug bank, since the cost of drugs for a CF child can run as high as \$200 per month. Drug banks will make it possible to sell

drugs at reduced prices to families that cannot support this crushing financial burden.

Appealing to all families to give generously to the volunteers, Mrs. Shelman said that the appalling death rate among cystic fibrosis children is the most tragic spot in the community health picture.

the request of Capt. Charles E. Walker, police prosecutor. A warrant was also issued for the arrest of a Brighton youth who allegedly drove the car used in the robbery of Philip R. Brouillette, Jr., assigned to the cutter Eastwind.

The coastguardman reported to police that the four had given him a ride to Newton Highlands from Boston. Near the Kendrick Bridge on Nahant street, the four allegedly beat the victim, stealing his wallet containing \$2 and his watch. They then took off his shoes and threw them into the woods.

Police also reported the car stolen in Newton last week and used for a get away by burglars who broke into two Newton drug stores had been recovered in the Dorchester section of Boston. The front seat of the car was heavily blood-stained, apparently from injuries sustained by one of the burglars who jumped through a plate glass window when he was surprised by the owner of one of the stores.

More successful burglars counted everything from doughnuts to milk by way of canoes in their loot last week.

Mrs. Irene Dorval of 41 Bernard st., Newton Highlands, reported the theft of a fiberglass canoe valued at \$100 from the banks of the Charles River. Nearby police found a plywood rowboat, apparently left by the thieves in exchange for the canoe. The rowboat had also been stolen.

Eight homes, four gas stations, three stores and two cars were broken into by thieves during the past week. Thieves got \$1,000 in cash, the proceeds of an insurance policy, at the home of Philip Smith, 52 Alexander rd., Newton Highlands, and an undetermined amount of loot was taken from the home of Arthur Norris at 63 Greenlawn ave., Newton Centre.

Burglars got a mink coat and some tools in a break at the home of Erskine Gay at 26 Washington ave., Newtonville, while \$248 in budget envelopes was stolen from the home of Mrs. Fredricka Gans of 51 Hanson rd., Oak Hill.

Sharon Wood of 50 College rd., Chestnut Hill, reported the theft of \$115 from a jewelry box in her room and a lawnmower, valued at \$22, was stolen from Frank N. Abele at 614 California st.

The theft of her daughter's bicycle was reported by Mrs. Domenic Lombardi of 43 Elmwood st., and tools valued at \$40 were reported stolen from the home of Gerald Kenner at 540 Parker st., Newton Centre. Priscilla Shirley of 137 Anawan rd., Waban, reported the theft of her pocketbook from her car and a .35 m.m. automatic pistol was stolen from the car of Robert G. Barker of Waltham as it was parked in West Newton.

The loot at the four gas stations amounted to \$56 in cash, two tires and a sanding machine. Victimized were the West Newton Shell Station, 1200 Washington st., the Shell Gas Station at 1099 Beacon st., Newton Highlands, the Gulf Gasoline Station, 339 River st., West Newton, and Ray and Eddie's Gas Station, 732 Beacon st., Newton Centre.

Figure Skating Club Is Formed

At a preliminary organizational meeting recently, the Wellesley Figure Skating Club was organized. The committee for organization was called together by C. E. Scovold of the St. Moritz Ice Skating Studios, and was put under the direction of Roger F. Turner of Walpole, a former National Men's Champion and one of the fathers of figure skating in the United States today. Mr. Turner is a former executive officer of the United States Figure Skating Association and is currently a national judge.

The committee, with Mr. Turner acting as temporary Chairman, is composed of James C. MacKenzie of Wellesley Hills, membership chairman; Mrs. Walton P. Lewis of Framingham, secretary; Mr. and Mrs. Donald A. LaBorne, Sr. of Wellesley, Mr. and Mrs. Charles Reynolds of Wellesley, and Mr. and Mrs. John B. Perry of Sudbury.

The club's purpose will be to encourage the instruction, practice and advancement of all phases of figure skating and to cultivate the spirit of fraternal feeling among ice skaters. It would aim to produce amateur ice shows, to develop competitive skaters, and to become affiliated with the United States Figure Skating Association, which is the national controlling body.

CAUTION

“SCHOOL'S OPEN”

“DRIVE SLOWLY”

Help improve our local safety record! Drive carefully! Many children go to school for the first time! Don't let it be their last! Your caution can save a child's life!

Dear Johnny:
Teacher told us to
write to the hospital
and say I miss you.
I am sorry you
got ran over. Did it
hurt much?
I wasn't in a
a good fight ever since.
So hurry up and
get better quick.
Your best friend,
Fred Williams Jr.
P.s. I'll fight with
one hand, too.

Drivers kill and cripple more children than any disease!

Pneumonia, cancer, polio—we're doing something to fight these child killers. Now let's start fighting the worst child killer of all—traffic accidents. Yes, drivers kill and cripple more children aged 1 to 14 than any disease. What can you do to curb careless drivers? You can stand up and be counted. You can write your local enforcement officials and say:

"I Support Strict Law Enforcement!"

Let your police and courts know you're behind their efforts to protect your children. For where traffic laws are strictly enforced and obeyed, deaths go down! Hundreds of communities have proved it. Every community can do better than it is doing!

In cooperation with
The Advertising Council and
The National Safety Council

Dramatics For Children Project Resumes Sept. 23

A comely Newton housewife and mother of three, Mrs. Harrison Gass, formerly known on the Broadway stage and on television as Blanche Faye, will again direct the recently developed program in Creative Dramatics for children, ages 8 through 14, which begins on Saturday morning, September 23, at the Tufts University Theater.

Dr. Marston Balch, chairman of the Department of Drama and Speech at the University, announced today that the overwhelming response to the last session has resulted in the enlargement of the program to include workshop performances by advanced students.

Mrs. Harrison Gass, of 120 Lake Avenue, Newton Centre, who again directs the program, is a teacher and actress of vast experience in the professional theater and in the field of the children's theater. She is a well known theatrical personality, having appeared in Broadway plays, films, television and with members of the Boston Symphony Orchestra in a series of youth concerts. She holds degrees in theater and psychology, and has conducted experimental work in creative dramatics in the Newton public schools.

The creative dramatics classes will be conducted as part of the Tufts University Theater's research in the development of theatre activities for children.

The sessions will be held on Saturday mornings at the Tufts Arena Theater through out the year. Also, a project to bring the creative dramatics program to suburban areas is being initiated by holding classes one afternoon a week in the Newton area, probably on Tuesdays.

The day and location of the classes in this city has not yet been decided but Tuesday afternoons possibly, at the Newton Centre Women's Club, seem as likely at this time. A meeting of the board on September 12th is expected to decide the matter.

Enrollment will be limited for the Tufts program. Parents who are interested in having their children participate are invited to arrange for a personal interview with the director, Mrs. Gass, at the Tufts University Theater. For information or appointment, call the University Theater at SO 6-9662 or LA 7-3560.

Sawyer Gives B. U. \$10,000

A gift of \$10,000 to Boston University's Union Building fund has been made by Frank Sawyer of Chestnut Hill, president of Checker Taxi Co. of Boston, according to a joint announcement by A. M. Sonabend and Dr. Shields Warren, co-chairmen of the Boston University Development Council.

The \$4,400,000 Union building construction of which has already begun, is slated for completion in the winter of 1962-63. The structure will be located at the corner of Commonwealth Avenue and University road on the University's Charles River Campus.

Mr. Fischer lives with his wife and children at 19 Burnside road, Newton Highlands. He is a member of "The Villagers."

He has served the United Fund in the past and is giving his time and effort to this year's campaign because: "I have always believed it to be both the duty and the privilege of the more fortunate to contribute as they are able to improve the welfare of the less fortunate."

Dr. Freed At Ohio Conference

A Newton Centre resident, Dr. Murray M. Freed, associate professor of physical medicine and rehabilitation at Boston University's School of Medicine, this week is attending meetings of the American Congress of Physical Medicine and Rehabilitation in Cleveland, Ohio.

He is one of the presiding officers at the week-long scientific session, and will serve as a member of the sub-committee on awards for the conference.

Dr. Freed is physician in charge of the Rehabilitation and Physical Medicine Clinic and assistant chief of the Industrial Rehabilitation Department at Massachusetts Memorial Hospitals.

Julio Coppola and Gino Cuggini tallied for the home team with Alberto Stroda getting credit for an assist on the Coppola goal.

Col. Richard Zeoli To Day J.C. Staff

Colonel Richard F. Zeoli, until recently the Executive Officer at Presidio of San Francisco, was retired from the Army late last month after more than 27 years of service. After a retreat parade and retirement ceremony in his honor, the Colonel announced that he and his family would return to Massachusetts and that he would take up a teaching position at Day Junior College in Newtonville.

Col. Zeoli, holder of the Legion of Merit, the Bronze Star, the French and Belgian Croix de Guerre and the Belgian Fourragere, among other decorations, is a graduate of Bridgewater State Teachers College and has attended Columbia University and the Command and General Staff College at Ft. Leavenworth, Kansas.

He and his wife, Barbara, have three children, Darryl, 17, who will enter M.I.T. this fall, Richard, 13, and Leslie, 9.

Albert Busch, Norumbega Park Supervisor, Dies; 75

Albert Busch, who helped introduce the whip ride at carnivals and fairs in the United States, died at Newton Wellesley Hospital from injuries suffered when he was struck by an auto. He was 75.

Mr. Busch, who had charge of maintenance and operations of all Norumbega Park rides for 35 years, lived on the grounds for more than 30 years but two months ago moved to 28 Charles st., Auburndale. He planned to retire at the end of the present season.

He was crossing Commonwealth av. toward the parking lot about 9:45 p.m. Saturday when he was struck by a car police said was operated by a Brighton man. Mr. Busch died Sunday, September 3, at 5:45 p.m.

As word was received of his passing, hundreds of visitors to the park were requested to leave and Norumbega Park was closed Monday night on one of the biggest evenings of the summer out of respect to his memory.

Rev. Arthur H. Block, pastor of the Lutheran Church of Newton, was to officiate this afternoon (Thursday) at 2 o'clock funeral services in Newton Cemetery chapel.

Mr. Busch, a native of Germany, celebrated his 75th birthday in July. His death was the fourth auto fatality in Newton this year.

His pride at Norumbega Park was the Merry Go-Round and he personally painted each animal.

He began his carnival career soon after his arrival in this country when he joined William Mangel's Outdoor Amusement Company at Coney Island, N. Y. This company was responsible for the first whip ride. He also traveled with the "Great Pater-son Shows."

"The news of his death has saddened his many friends in Auburndale," said Douglas Farrington, manager of Norumbega Park. "On Monday night the lights were dimmed and the laughter and music stilled."

He leaves two brothers, Herman, 83, of New Brunswick, N. J., and John of Brooklyn, N. Y., and a niece, Adele Busch also of Brooklyn.

the safety of children, Riley said, will be dealt with drastically, and they may lose their driving privilege.

The new law, in effect since July, also makes bicycle riders more responsible. They may not carry two or more riders on a bike built for one; they may not ride two abreast; may not ride in any position except astride the seat, and may not "hitch" on to other vehicles.

The more than 200 new public school teachers in Newton will greet their pupils following a week of briefings, meetings, workshops and social affairs which started last Tuesday, Sept. 5.

The new teachers — 77 in the elementary grades and 125 in secondary classes — reported to their respective buildings for the start of meetings with principals, administrators and guidance personnel who familiarized the teachers with procedures of the individual schools.

Doris Carley Named Realtor Of The Month

Miss Doris Carley, Newton realtor, was honored this week by the Greater Boston Real Estate Board when she was named "Realtor of the Month." It was accorded for her record of the largest volume of business in the Boston Board's Multiple Listing Service last month.

She founded the Carley Realty Company in 1933 at the depth of the depression and at a time when the real estate field was almost exclusively dominated by men. Miss Carley explained how the Multiple Listing Service plan works. One realtor takes an exclusive listing on a piece of property. Then it is photographed and detailed information concerning the property is placed in the hands of 125 cooperating realtors who in turn offer the property for sale.

In this way, she said, the property is exposed to a broader market and "prospective purchasers do not have to do as much shopping around to find out what houses in the locality are for sale."

Fisher Commended

Leonard Fisher of 40 Voss Terrace, Newton Centre, has returned from the Manor Richelieu at Murray Bay, Canada, where "Academy of Honor" agents for the Prudential Insurance Co. of America were commended for their production records. He was accompanied by his wife, Goldye.

WASHINGTON, Sept. 6—I was glad to vote for the foreign aid compromise, which made provision for long-range planning but eliminated backdoor financing—objectives which I had been fighting for. It was passed.

The House last week refused to take up, under a little-used procedure, a watered-down bill for federal aid to education. The bill attempted to salvage some of the provisions of the three previous aid-to-education bills which were stalled in the Committee on Rules.

It was brought before the House under the little-used "Calendar Wednesday" procedure, which by-passes the Rules Committee. Under that procedure the first question before the House, which arises immediately and without debate, is whether the House will take up consideration of the bill; and under that procedure the bill must be voted on within one day.

A bill of this complexity and importance would ordinarily require much more time.

Reasons for hesitation on the part of the House were:

1. The bill contained complicated new and untried criteria governing the critical question of the distribution of \$325 million for a one-year program of public school construction.

2. The bill had on the very previous day been steam-rollered through the Committee on Education and Labor with flagrantly inadequate consideration. The time for consideration and for filing

reports was arbitrarily limited by straight party-line votes—70 minutes for consideration, and one hour for a minority report, with the result that none could be filed.

3. The bill and committee House members only about an hour prior to the time of the crucial first vote on whether to consider the bill—a vote to be taken with no debate.

4. It is no overstatement to say that House Members, when facing this vote, were in a fog as to what the effects of the bill might be, and were apprehensive as to what would eventuate if the House went ahead under the "Calendar Wednesday" procedure with its strict limits on time for debate.

5. The National Education Association opposed the bill, saying: "If neither of these two suggestions (amending the bill or pushing the session of Congress, that any existing law which expires should be extended for one year, and further action on new legislation await the second session of the 87th Congress."

The result was that consideration of the bill was voted down by the surprising majority of 242 to 169. Arrangements were at once made to take the steps recommended by the NEA, and extend the impacted area and National Defense Education programs.

It was regrettable that even Members who favor reasonable federal aid for school construction, and other forms of federal aid to education, felt compelled to vote against consideration of this bill under the existing circumstances as I did.

"Appetites" of Heart Explored by Research

The field of cardiovascular research is full of surprises.

Would you imagine, for instance, that your heart has definite "appetites?"

It prefers fats, according to a Massachusetts Heart Association study being conducted by a team of Harvard research workers seeking the answer to a puzzling question.

One of the members of the team, Dr. Lionel H. Opie, the Massachusetts Heart Association's Samuel A. Levine Fellow in Cardiology, came from Capetown, South Africa, to search for the causes of an obscure and challenging type of heart disease common to the South African Bantus and, in a slightly different form, to some Southern Negroes in the United States. Many Bantus contract a strange form of heart disease in which the heart muscle enlarges and fails for none of the reasons common to cardiovascular patients in this country. No blood clots bring on heart attacks as we know them; no valvular disease occurs—yet the hearts fail in men and women alike, sometimes as young as their early 20's.

Working on the possibility that the cause may be nutritional, Dr. Opie has set out to learn what normal heart muscle "likes to eat." Once norms are firmly established, there will be a basis for discovering whether poor nutrition upsets the Bantus' heart.

muscle metabolism, and how to fight it. In Dr. Opie's research, the hearts of small animals, still beating, are fed for the half or one-hour period during which they continue to beat. Fluids are forced into the arteries by a pump under conditions simulating those normally supplying blood to the heart. The heart is fed oxygen and a fluid containing radioactively "tagged" amounts of different nutrients. At the end of a specified period, the remainder is analyzed, and the amount used for energy purposes determined.

Using radioactive, "tagged" foods, the team has confirmed the theory that the heart-muscle prefers to use fatty acids; when given sugar and fatty acids, it uses the latter, for energy. Such fatty acids are, however, quite different from cholesterol, the component of fat believed by many to be responsible for diseases of the arteries to the heart.

The fatty acids used by the heart muscle, they believe, probably come from one's own fat stores, which in turn are manufactured from sugar and have little relation to the type or amount of fat eaten.

The heart, however, appears to provide exceptionally well for its own nutritional needs under ordinary circumstances. If it finds no fat for sustenance it will, in the healthy individual, use other foods with the greatest of ease.

The research was initiated by Dr. Joseph Shipp, who studies the technique at Oxford University, and is being continued in conjunction with Dr. John Evans, both affiliated with Harvard Medical School. The investigation is under way at the Baker Clinic Research Laboratory, Harvard Medical School.

CAP's Corner

A Message from The President "Civil Air Patrol volunteers play a vital role in the life of our country. In the past decades their skills and dedication to duty have saved many thousands of our young people toward useful and productive activity. Every American can be proud of Civil Air Patrol's record of distinguished service to communities and to the nation."

The White House, Washington, D. C. John F. Kennedy

A special Congressional Tour of the White House and a meeting with Senator Hubert Humphrey (Minn.) on the steps of the nation's Capitol climaxed the brief stay of nearly one hundred and fifty CAP cadets and escorts in Washington while enroute to nineteen foreign countries participating in the 1961 International Air Cadet Exchange.

One hundred and fifty-five aviation cadets from nineteen foreign countries started their IACE tour in New York. Manhattan was besieged the first night by young men from Canada, Brazil, Chile, El Salvador, Denmark, France, England, Norway, Sweden, and the Federal Republic of Germany. (West Germany).

Those who didn't go to the Glenn Miller TV show, went sightseeing with New York Wing cadets as their guides. The second day, the boys from Belgium, Great Britain, Greece, Israel, Italy, The Netherlands, Portugal, Spain, Switzerland and Turkey arrived in New York and fell into the pattern of things.

All of the cadets and their escorts were quartered at the famous Waldorf-Astoria. The boys had a Tuesday filled with a United Nations Tour and the Radio City Music Hall stage show and Chevalier-Boyer movie "Fanny." The day was topped with superb food at Lt. Col. Gene Leone's International Dinner Party at Leone's. Each cadet received a Wright Bros. Medal, designed by Medal-of-the-Month Club sponsor Felicity Burnell. Medals were presented by IBM executive H. T. Powe.

McCormack Seen As Speaker If Sam Rayburn Steps Down

Congressional Majority Leader John W. McCormack would be virtually certain of election as the next Speaker of the national House if 79-year-old Sam Rayburn decides to step down because of failing health.

For a long time the hard-working McCormack has been relieving the aging and ailing Rayburn of many of the duties a Speaker normally would perform.

The second ranking Democrat in the House for 17 years, McCormack has wielded tremendous power and influence, and he has used it time and again to help Democratic colleagues in varied parts of the country.

McCormack undoubtedly would be opposed for the Speakership if the venerable "Mr. Sam" closes out a distinguished public career. It would be surprising if he were not.

Observers on Washington's Capitol Hill believe the strongest contender against McCormack would be 45-year-old Congressman Richard Bolling of Kansas City.

On a showdown test of strength, however, McCormack would be an overwhelming favorite to prevail.

14 Seek Elective Posts

Hot Fights Looming In Coming Election

Ten fights for seats on the Board of Aldermen and four contests for posts on the School Committee in the November municipal election took form following the rush to file nomination papers before Tuesday night's deadline.

Mayor Donald L. Gibbs is officially unopposed for re-election and is assured of a second term at the head of Newton's city government.

An element of uncertainty still surrounds the Aldermanic and School Board battles since it is possible that some of the candidates who have submitted nomination papers may withdraw.

At the present time, however, the city appears to be in line for some spirited campaigning before the voters go to the polls Nov. 7. Here is how Newton's political picture presently shapes up:

A five-cornered battle is starting for the two posts as Aldermen-at-Large from Ward 2. Aldermen Winslow C. Auryansen and William G. Glovsky are standing for reelection. Challenging them are former Alderman Alfred R. Guzzi of 9 Joseph rd., Caspar T. Dorfman of 911

Commonwealth ave., and Joseph G. Valente of 697 Washington st.

Alderman George L. Hicks is being opposed by Thomas H. Browne of 42 Court st. for election as Ward Alderman from Ward 2.

Opponents for election as Ward Alderman from Ward 4, where Alderman Warren A. Sutherland is not seeking another term, are John L. Vaccaro of 150 Islington rd. and Allard M. Valente of 45 Islington rd.

Aldermen Earle D. Wood and Harry H. Ham, Jr., seeking reelection as Aldermen-at-Large from Ward 4, are opposed by Richard P. Brennan of 6 Sharon ave.

Victor M. Kumin of 40 Bradford rd. is listed as opposing Alderman William H. Prentice for election as Ward Alderman from Ward 5.

Reports have been circulated, however, that Prentice may retire from office even though he filed nomination signatures. So far he has made no official statement and must be considered.

Survey Cites Need For Safety Drive

32.9 Per Cent of Newton Drivers' Accidents Happen Close To Home

An accident location survey on Newton private cars shows they are causing 32.9 percent of all their claims-producing accidents within Newton.

The Casualty Insurance Companies serving Massachusetts, public information agency for the industry, made public today results of the survey.

It said the most effective step toward reducing death and injury, along with local compulsory insurance rates, would be to launch an immediate stepped-up highway safety campaign in Newton itself, coupled with a drive against questionable personal injury claims.

The survey was made following the recent announcement by Commr. Otis M. Whitney there would be a general increase in compulsory rates throughout Massachusetts for 1962.

Whitney is expected to announce the tentative rates tomorrow.

"This is not meant to be a reflection on traffic law

enforcement in Newton, but it certainly indicates that much remains to be done by Newton motorists themselves to improve the situation locally," said John O'Connor, executive secretary of the insurance organization.

Of a total of 2,756 compulsory (bodily injury liability) claims caused by Newton private passenger cars throughout the Commonwealth last year 907 claims, or 32.9 percent, arose from accidents

Newton Theological School's Record Freshman Class

Ministerial Students On Increase

The new freshman class of 106 seminarians, one of the largest in the history of the Andover Newton Theological School in Newton Centre, includes graduates of seventy-nine colleges and universities, and representatives of thirty-four states and many countries throughout the world, according to the announcement today by Rev. Dr. Herbert Gezork, president of the school.

This year's roster points up the sizable increase of 108 new students as compared with seventy-nine last year. The school's total enrollment now lists more than 250 students.

The new students, including seventy-two who are candidates for the Bachelor of Divinity degree will attend a special orientation program

on Monday and Tuesday Sept. 11-12 on the seminary's 85-acre campus in Newton Centre.

The all-school retreat for

turned students and wives will follow on Tuesday and Wednesday, Sept. 12-13 at the Craigville Conference Center,

Craigville, Cape Cod.

Aldermen OK 2 Gibbs Nominations

The Newton Board of Aldermen on Monday night approved the re-appointment of William Carmen of 48 Philmore road, Newton, and appointment of Chester A. Prior, of 381 Newtonville avenue, Newtonville, by Mayor Donald L. Gibbs.

Mr. Carmen was re-appointed to a five year term on the Newton Housing Authority to which he was appointed in 1959 and served as chairman from 1960 to 1961. He is active in civic affairs, and was a member of the sub-committee on Housing of the Massachusetts Advisory Committee of President Eisenhower's Commission on Civil Rights.

Mr. Prior, a former Newton Alderman, was nominated by the Mayor to the Planning Board and to the Board of Park Commissioners.

Fire Lt. Smits Saves 2, Wins Commendation

Newton Fire Lieut. Jules W. Smits of Station L has been commended in General Orders for his heroic action above and beyond the call of duty, in saving the life of a North Quincy man and his son from drowning.

Announcement of the commendation was made by Chief Frederick A. Perkins Jr., of the Newton Fire Department. At the same time Chief Perkins released a letter from Frederick A. Marland of 21 Hilma St., North Quincy, which follows:

"Dear Sir: "Saturday morning, August 26, 1961, Jules Smits of your department was instrumental in saving my son and myself from drowning. The Boston

Book Discussion Groups To Start Sessions Sept. 26

A number of Great Books discussion groups will resume meetings for the coming season at the Newtonville Library, according to Newton Librarian, A. William Kunkel. Sponsored by the library, each group meets on Tuesday evenings twice each month to discuss social, political, economic, and religious questions which are brought up in their Great Books readings.

September 26th is the opening date for the third year group and for a new first year group. The third year group, led by Miss Charlotte Goodfellow of Wellesley College, will begin its series with the "Book of Job."

Also meeting on September 26th will be the new first year group under the leadership of Irving Sanders of Newton. The initial meeting will be devoted to orientation and to the discussion of the Declaration of Independence. There is still time for Newton citizens interested in a liberal adult education to register for the new group.

Scheduled to begin on October 3rd are the second and sixth year groups. Robert Schneider who leads the second year group announces that the current season will open with the discussion of Ecclesiastes. Mrs. A. Donn Kesselheim, co-leader of the sixth year group lists "Prometheus Bound" by Aeschylus as their starting subject.

Mr. Kunkel reminds the community that the public is invited to join any of the groups, and no special educational background is necessary other than the ability to read and enjoy a good discussion.

All persons interested in joining any of the groups or obtaining further information may call Mrs. Arnold Rosoff at DE 2-1843.

Mrs. Thresher Takes Up Fight For Fluoridation

Mrs. Irene K. Thresher, 667 Chestnut Street, Waban, has accepted the honorary chairmanship of the Newton Citizens Committee for Dental Health, a group particularly interested in bringing fluoridated water to Newton.

In announcing her appointment Mrs. Arnold Modell, co-chairman of the Committee, stated: "It is heartening to have Mrs. Thresher, who is surely one of Newton's most devoted and active citizens, take on this important leadership responsibility."

"Limits of space would preclude listing the multitude of varied and worthwhile activities in which Mrs. Thresher has participated locally, but to mention a few: She served as member of the Massachusetts General Court from 1951 to 1961, and the Newton School Committee from 1941 to 1950. She was an organizer and second President of the Newton League of Women Voters President and Chairman of the Fund Drive Committee of the All-Newton Music School, first Chairman of the Newton Housing Authority, and member of the Governing Board of the Newton Community Council."

Mrs. Thresher is the wife of B. Alden Thresher, recently retired as Director of Admissions of M.I.T. after twenty-five years.

In accepting the honorary chairmanship of the Citizens' Committee, Mrs. Thresher said: "With my deep interest in my home city of Newton, where our four children were reared and educated, where I have lived for so many years, it would be almost impossible for me not to take an active part in the promotion of water fluoridation. It is the first breakthrough that has been found in prevention

of tooth decay in children, a very serious public health matter. Water fluoridation has been proven effective, safe and economical by endless scientific research. It has been endorsed by every responsible national medical and dental organization; it is supported by our own Health Commissioner and Board of Health.

"I will do all in my power to see that the Newton voters, as parents, as civic-minded citizens, as taxpayers, are made aware of the worth of this measure and will turn out at the polls on November 7th in decisive numbers to vote 'YES' for fluoridation."

Lee Loumos Says

Do you know that this is the time of year when your TV set is apt to have the greatest trouble? So many of you go away during the summer and leave the TV set practically unused during the humid months and the condensers gather moisture to such an extent that they may act like resistors. The repair is consequently more time consuming to locate the source of the trouble and make effective repair that it generally requires shop analysis and work, as against the simple replacement of tubes.

So, if you want your set in tip-top condition in time for the new fall program, be ready to give us sufficient time to effect proper repairs.

And of course, if you are thinking of a new set, this is the time to make that decision to get your COLOR TV set — there is a plethora of fine color programs starting now. We have on display a large variety of RCA VICTOR color TV sets for your selection.

Memorial Service To Be Held For Mrs. Harrison

Memorial services will be held next Tuesday afternoon, September 19, at 5 o'clock at the Walker Missionary Home, 144 Hancock Street, Auburndale for Mrs. Minnie Hastings Harrison, 75, a missionary in Ceylon and India for 45 years who died Friday, September 1st, at a West Newton nursing home.

Committal services were held last Wednesday at Newton Cemetery for Mrs. Harrison. She was the wife of the Rev. Dr. M. Hunter Harrison, former head of the United Theological College, Bangalore, India, who was visiting his wife here when she died.

Mrs. Harrison was born in Ceylon, the daughter and granddaughter of Congregational Christian missionaries and was a grandniece of President Grover Cleveland. She was a graduate of Wellesley College, Class of 1907.

After teaching school in this country for four years, she was appointed an educational missionary in Ceylon in 1912. After a brief period in Manepay, she was transferred to Uduvil and remained there until her marriage to Dr. Harrison, a young professor at Jaffna College, in 1922. From that time on she was closely identified with her husband's work in both Ceylon and India.

In 1931 the Harrisons were sent to Bangalore where Dr. Harrison became a member of the faculty, and later principal, of the United Theological College, where Mrs. Harrison taught English, Poetry and Drama to students and the Bible to wives of married students.

In addition to her work at the United Theological Col-

lege, Mrs. Harrison was a leader in a number of organizations devoted to the welfare of Indian women.

World War II opened new opportunities for service and Mrs. Harrison was tireless in her efforts to establish hostels for girls in war work, raising funds for relief and recreational camps and giving a warm welcome to all who came to her home.

In 1958 Mrs. Harrison and her husband came to Boston where Dr. Harrison took over

the duties of the India-Ceylon secretary of the American Board of Commissioners for Foreign Missions, now a part of the United Church Board for World Ministries. Since their retirement in 1960, they had lived in New Windsor, Maryland. Dr. Harrison lived at the Walker Missionary Home in Auburndale during his wife's illness.

Besides her husband, Mrs. Harrison leaves two sons, Richard H., of Newtonville, and Robert H., of Wellesley.

School Bus Law

Now that schools have resumed for the Fall session, school buses are a familiar sight on our streets. If you're driving a car or truck and approach a school bus which has stopped, and its lights are blinking—STOP.

And the drivers of motor vehicles, in either direction, must stay stopped unless the bus driver signals, or the blinker lights stop.

These are the principal points of a new law passed this year by the Legislature. The law leaves a motorist approaching the blinking lights of a school bus no alternative—he must STOP.

It was designed to protect little boys and girls. They have been taught not to dart in front of, or behind a stopped bus, but they're too young to think, in many cases. It is far better to halt your car until the bus moves, or the blinkers are turned off, than it would be to injure or kill some little one.

Formerly, the law permitted the motorist to pass a stopped bus after first coming to a full stop. But under the amended law, Chapter 374 of the Acts of 1961, reads:

"When approaching a vehicle which displays a sign bearing the words 'School Bus' and is equipped with front and rear blinker lights which are flashing, a person operating a motor vehicle shall except when approaching from the opposite direction on a divided highway, bring his vehicle to a full stop before reaching said school bus and shall not thereafter proceed until such school bus resumes motion or until such person is signaled by the driver of the school bus to proceed or the blinker lights are no longer flashing."

Political Highlights

(Continued from Page 1)

Members of Congress have a deep and ingrained respect for seniority and tradition. The post should go to McCormack on both grounds.

The Congressmen know, too, that for years McCormack has worked a gruelling 14- or 16-hour day. His record of service to the Democratic membership of Congress over a 17-year span has been such that it would be practically unthinkable that he would be passed over.

When Congressman Joseph Martin was dropped as Minority Leader, it was known that the White House and especially former Vice President Richard M. Nixon intervened to swing some votes to Congressman Charles Halleck of Indiana who defeated Martin after a close fight.

That has prompted some speculation on whether President Kennedy might intervene if Rayburn steps down and a battle develops for the Speakership.

Some of the persons close to Kennedy indicate that they are not too happy with the strong-minded McCormack.

However, Kennedy, himself a former Congressman, knows that he could weaken his influence tremendously in the national House by mixing into a fight for the Speakership if he were disposed to do so—which he probably is not.

While Kennedy and McCormack never have been really close friends, the Congressional Majority Leader played an important part in swinging the Presidential nomination to Kennedy at the Democratic national convention in Los Angeles.

To a very great extent McCormack's efforts offset the work Speaker Rayburn was doing for Lyndon Johnson, then Kennedy's top adversary.

During the six years Kennedy served in Congress he was pretty much of a lone wolf whose ideas didn't always coincide with those of his party leadership.

But the only real public

2 Newton Girls Graduate At Hospital

Miss Anne Marie Bradley of 221 Newtonville Avenue and Miss Victoria Pratt of 36 Alexander Road, Newton Highlands, were among 38 seniors of the Newton-Wellesley Hospital School of Nursing who received diplomas in Wellesley last Saturday.

Awarding diplomas to graduates during the 75th year in which the hospital has served the western suburban communities of Boston was Mark C. Walker, President of the Board of Governors.

Five seniors were presented the Mary M. Riddle Scholars Award in recognition of superior nursing ability, scholarship and citizenship. The Riddle Awards were given by Miss Eleanor Bowen, President of the Alumnae Association of the School of Nursing, to: Miss Ann Conger of Pittsburgh, Pennsylvania; Mrs. Nancy Dietz of Winthrop; Miss Carolyn Flynn of Lexington; Mrs. Joyce Hill of Concord, New Hampshire; and Miss Patricia Marshall of Natick.

Miss Conger was also presented the Hospital Aid Award in recognition of her selection as the most outstanding graduate. The award was given by Mrs. P. Edward Eden, President of the Newton-Wellesley Hospital Aid Association.

The commencement address was delivered by Max R. Goodson, Ph.D., Dean of Education at Boston University. Discussing "The Quest For Quality," he called attention to pressures on the American way of life. He stated, "The greatest need is not to change our way of life radically, but to pursue its values vigorously and to give renewed vitality to our institutions. American life needs to be lived with more quality."

He emphasized that the quest for quality has special meaning for professional persons. Both the leader and the new person entering a professional life should blend tradition and challenge, striving always to perfect the quality of practice and service.

Joseph C. MacDonald, D.D., Pastor of the Union Church of Waban, delivered the invocation. Miss Myrtle Fuller, Director of Nursing, presented the Class of 1961. Choral selections were presented by the Student Chorus.

Constitution Week Is Marked September 17-23

"Constitution Week" will be observed in Newton Sept. 17-23, according to a proclamation signed by Mayor Donald Gibbs.

Annually, in accordance with Public Law No. 915, signed into law Aug. 2, 1950, the President of the United States of America proclaims Sept. 17-23 as "Constitution Week."

The purpose of the observance of "Constitution Week" is to recall to the American people the true significance of the events that occurred during the week of Sept. 17-23 in 1787, and to revitalize appreciation of our great heritage which is the Constitution.

With the world situation as critical as it is today it becomes increasingly important for all loyal citizens to protect this greatest of all documents and to defend it against all threats to its supremacy so that we and our children's children may continue to enjoy the rights and freedoms guaranteed therein. The Constitution is the safeguard of all our liberties, the champion of our freedom.

To think so, too, since they have elected him temporary Speaker 11 different times.

On any basis of evaluation McCormack richly deserves the Speakership if and when "Mr. Sam" decides to relinquish it. The members of Congress seem

Cystic Fibrosis Week Pinpoints Campaign In City

"Cystic Fibrosis Week" has been designated in Newton as September 17 through 24 to call attention to the local phase of the national campaign.

During the week, the Newton Chapter of the National Cystic Fibrosis Research Foundation, will solicit the support of all local residents in the campaign to raise funds to fight the dread disease.

Mayor Donald L. Gibbs is officially proclaiming "Cystic Fibrosis Week" in this city pointed out that money raised in the campaign maintains a large-scale research program in a fight to bring this dread disease under control, and that the drive well deserves the whole-hearted support of this community.

Hair Stylist Returns From N. Y. Courses

Miss Terry, one of the hair stylists of the Anthony Davis Salon at West Newton, has just returned from a visit to New York City where she spent a week at the Charles of the Ritz Advance Hair Styling school.

Studying the new trends in fashionable hair styling, she reports that today's look is a full bouffant around the top and crown with gently flipping ends. Also prevalent are wide wings over the ears. The hair is quite short and the style calls for a very soft permanent wave.

Name Origin

Tulsa — Oklahoma gets its name from Indian words which mean "land of red men."

AIDS FIBROSIS DRIVE—Mrs. Jack Shelman, president of the Newton Branch for Cystic Fibrosis Research, accepts first contribution of the 1961 campaign from singing star, Frankie Laine, staunch supporter of Cystic Fibrosis Research, who is making nationwide appeals for aid for the drive this month. All-Newton Music School Opens Monday

The All-Newton Music School will open on September 18. A non-profit organization, a Red Feather Service, it was founded in 1911 by Elizabeth Fyffe. She, together with a group of public-spirited people of Newton, believed that music study of a high quality should be made available for children and adults.

The school offers private instruction in all string instruments, all woodwinds, voice, piano, classical guitar, and recorder. Every instrumental and voice student has the right to a musicianship class which gives him a theoretical foundation.

For young children there are pre-elementary music

classes and recorder-theory classes, both courses giving the child the necessary ear training elements of sight singing, rhythm and melody. In addition, the school offers a wide array of courses for adults. A sight-reading course for adults offers an opportunity of learning to read music by sight and developing the power of perceptive hearing. It should be a help to both singers and instrumentalists. It is under the expert leadership of Augustus Zanzig.

Trying to answer the many requests by adults who would like to start or improve piano playing in congenial company under the expert leadership of an experienced teacher, the All-Newton Music School is introducing a new course: piano classes for adults. Small classes will be formed on the basis of common interest and experience. No age limit.

A recorder beginners class and recorder workshop are offered one evening a week. Guitar-folk singing is open to both children and adults on Saturday afternoon.

Informal weekly playing-hours are open to every student and there is opportunity for more formal recitals for the experienced.

New students may register on Sept. 14, 15, and 16. Office

hours 10:00 a.m. to 4:00 p.m. Brochures are available on request. Appointments with the director should be made by telephone.

Cardinal Hails High Xaverian Brothers Aims

Twelve novitiates with two years training and 18 young men who joined the order as beginners this week took over the newly-instituted Xaverian Brothers St. Joseph's Novitiate on the site of the former Working Boys' Home in Winchester St., Newton Highlands.

The new novitiate was instituted following ceremonies held at Mary Immaculate of Lourdes Church at which the vows of the 12 novitiates were received by Very Rev. Brother Gilroy, Provincial. They had received two years of training and will continue their studies at Catholic University in Washington, D.C.

Cardinal Cushing presided at the ceremonies and stressed the importance of the work by teaching brothers throughout the country. He commended the Xaverian Brothers for their "great sacrifices in dedicating their lives in Catholic education of youth." He said there was a great need for more vocations to the order.

Interest Runs High For Chamber of Commerce "Management Clinic"

The Newton Chamber of Commerce has received many reservations for the "Newton Small Business-Management Clinic" which begins Monday, Sept. 18 at 7 p.m. at the Newton Junior College.

This 10-session, 20-hour educational program has been designed for management personnel engaged in retail, wholesale service and distributive occupations.

Interest has run high, the Chamber said, and the majority of the reservations appear to be coming from retail management personnel. The clinic winds up on Nov. 20 with a dinner meeting and graduation ceremony included.

The clinic is being sponsored by the Newton C. of C. in cooperation with the Distributive Education Division of the Massachusetts Department of Education, the Small Business Administration, the Newton Junior College, and the Newton School Department.

Minister Tells Of Oppression Moves In Spain

Mr. Arthur Sallsworth, presiding minister of the Newton Congregation of Jehovah's Witnesses, informed the congregation of a totalitarian inquisition revived in Spain.

Mr. Sallsworth said, "official government decrees have mobilized the police of Spain to hunt down those who read the Bible and put an end to any free discussion of it with others. Longtime residents have been forced to leave their homes; workers have been denied employment; private homes have been raided by the police; citizens have been kidnapped, held incommunicado and brutally manhandled because of their religion. Even tourists and residents from America, England, Argentina and Germany have been expelled from the country because they did not embrace the religion of the state."

Mr. Sallsworth further said, "this is a commentary on the deeds, not of the atheistic Soviet state or of Red China but of a nation professing to be part of the bloc of 'free' nations. It is a country that has reached out its hands for money from democratic lands, while writing a history of cruel religious intolerance. As a member of the United Nations, surely Spain ought to guarantee to its people the religious freedom advocated by the United Nations in its Universal Declaration of Human Rights."

3 Ex-Newtonites Aiding U of RI Football Team

Hopes of the University of Rhode Island grid team for a successful season hinge pretty heavily on three ex-Newton High footballers, one of whom may be the Rams' first-string quarterback.

Charlie Vento suffered a rib injury during Spring training but may be in shape to spark the Rams. He was quarterback of Newton High in 1955, '56 and '57.

Two of the Rams' promising sophomores are Bill Sellers, a guard, and Craig Curtis, being groomed at tackle and end, both of whom were members of the 1959 Orange eleven.

Carr PTA Will Sponsor Show On October 7th

Tickets may be obtained by calling Mrs. Martin Rubin, chairman, at DE 2-2229, or Mrs. Eugene Salamoff, co-chairman, at LA 7-0136.

Safety Needs —

(Continued from Page 1)

which occurred within the Newton city limits, the study showed. In addition, it was found in similar comparative surveys covering the late 1950's that the 32.9 percent ratio of accident claims originating in Newton during 1960 has been remarkably consistent over the years.

The locations of accidents by Newton motorists last year, together with the number of personal injury claims arising from these accidents, were listed as follows:

Location	No. of Claims
NEWTON	907
Boston	860
Arlington	12
Belmont	16
Brookline	195
Cambridge	134
Chelsea	7
Everett	1
Malden	1
Medford	9
Melrose	1
Milton	3
Quincy	24
Revere	31
Somerville	63
Waltham	3
Watertown	3
Winthrop	3
Claims Inside Area	2,377
Claims Outside Area	379
TOTAL CLAIMS	2,756

Under the Massachusetts compulsory system, insurance claim losses are charged back to the compulsory rate of the community in which the motorist responsible for the accident garages his car. For example, if a car-owner from Revere caused a crash in Newton, injuring the occupants of the Newton car, the total claim cost would be assessed against the Revere rate.

"If the statistics show consistently that Newton motorists are causing about one-third of their claims-producing accidents within their own city limits, the logical place to start reducing accidents and insurance rates is right at home," said O'Connor.

Newton is presently grouped with 14 other Massachusetts communities in Rating Territory 12, he explained.

"But this does not mean that Newton has been consigned to Territory 12 forever," O'Connor emphasized, "because it is the Insurance Commissioner's annual practice to move certain communities to lower rated territories, due to a consistently improving accident claim record, while at the same time moving others to higher rated territories, due to a consistently worsening accident record."

"For this reason," he added, "Newton motorists can enjoy lower compulsory insurance rates whenever they make the collective effort to earn them by reducing accidents and consequent personal injury claims."

As a first-hand example of how united and determined community action can bring about a reduction in local insurance rates, O'Connor pointed to the highly effective Greater Lawrence highway safety campaign launched by civic groups and enforcement authorities early last year in Lawrence, Andover, North Andover and Methuen.

"Despite the anticipated general increase in compulsory rates for next year," he continued, "Commissioner Whitney already has announced that these four communities will be dropped to the next lower rating territories because their motorists have improved their accident claim records."

Statistics verified by state examiners show that the frequency of personal injury claims arising from accidents caused by Newton motorists throughout Massachusetts went up 13.7 percent in the five years from 1956 through 1960, while the average cost of each Newton claim jumped 20.6 percent, the industry spokesman said.

He added that the average claim loss cost of insuring a car in Newton, whether it was involved in an accident or not, has shot up 37.4 percent from 1956 through 1960.

Otis Maxfield, minister of the First Community Church, Columbus, Ohio, who is also a visiting lecturer on the school faculty.

Dean Roy Pearson said the school could report a substantial increase in new students, with 106 as compared with 79

last year, and a total enrollment of more than 250, not including the 115 students in the summer school program just ending.

"This is a time of great concern about the shrinking number of candidates for the Christian ministry," President Gezork said, "a serious concern we share. The American Association of Theological

Schools reports that there are approximately one thousand less candidates for the Protestant ministry this year than in the previous year. We are glad that our school can report a sizeable increase."

The theme for the Craigville Center retreat will be, "The Meaning of the Ministry to the Minister."

The Andover Newton School is the oldest Congregational seminary in America and one of the oldest Baptist schools. There are more than 600 graduates serving pastors in New England. Of more than

7500 alumni a total of 6000 have become ministers, 700 missionaries, 500 university college and seminary professors, and 148 university and college presidents.

Among the new freshman class are students from India, Korea, Australia, Japan, the Marshall Islands, Germany, American Samoa, Canada and Puerto Rico. Forty-six of the new class are Congregationalists, 41 are Baptists, and nineteen come from thirteen other denominations.

Mayor Aroused Over Car Rates

Seeks Ground For Formal Protest Over New Raises

Mayor Donald L. Gibbs today expressed himself as "extremely disappointed" by the proposed increase in Newton's compulsory automobile insurance rates.

The Mayor announced his intention of making an inquiry to determine whether there is any ground on which to make a formal protest against the hikes in insurance costs for Newton automobile owners.

He said he will send a representative to the hearing to be held by State Insurance Commissioner Otis M. Whitney if he finds there is any basis for objecting to the boost in rates.

Proposed increases in Newton's compulsory insurance rates range from 50 cents to \$17.50.

The Newton automobile owner with no one in his household over 21, who does not use his car for business and who drives a distance of less than 10 miles to work, will get the smallest insurance hike—a 50-cent boost that will raise his basic rate from \$54.50 to \$55.

Hardest hit will be the young man under 25 who is the owner and principal operator of his car. His bill will jump from the \$98 he paid this year to \$115.50.

Mayor Gibbs made it plain that the increase in Newton automobile insurance rates came as a surprise to him.

He said that while he hasn't examined highway accident statistics recently, he believes that Newton's safety record is better this year than it was in 1960. The Mayor added that he will confer on that point with Police Chief Philip Purcell.

"I am satisfied that the police under Chief Purcell are doing everything within their power to see that people drive carefully in Newton," Mayor Gibbs declared.

But the Mayor added that automobile accidents in other cities and towns in which Newton residents are involved also play a part in determining the Garden City's compulsory rates.

"I intend to look into this matter thoroughly, and if there is any basis for opposing the Newton increase at the hearing to be held Oct. 20, we certainly will do so," the Mayor emphasized.

Meanwhile, other observers expressed the conviction that

Abutters Oppose Newton Corner Apartment Block

Abutters to property at Centre and Wesley streets, Newton Corner, voiced opposition Monday night at a public hearing before the Planning Board and the Aldermanic Claims and Rules Committee for a change in zone to permit construction of a building containing 11 apartments.

The hearing was on the request of H. H. Hawkins and Co., for a change from Residence D to Residence E for a lot of 13,874 square feet. Plans call for construction of a two-story building with off-street parking for 22 cars. Under residence D a minimum of 24,000 square feet is required.

Abutters opposed the request because of the increased traffic which the project would bring.

Supporters of Congressmen Battle To Save Their Seats

Members of the special legislative committee trying to work out a congressional redistricting plan caused themselves headaches of migraine proportions by their decision to take their show on the road and hold hearings in various sections of the Commonwealth.

They are finding that no Congressman wants to be legislated out of office, a political fact of life which they presumably knew before they started their deliberations.

The hearings also have produced the discovery that the friends, relatives, supporters and, in some instances, plain, ordinary constituents of the Congressmen don't want them relegated to the political scrap heap.

This hardly comes under the heading of spectacular developments. What is somewhat surprising is that the committee members complicated their own task by deciding to hold hearings in the first place.

A hearing in Lawrence was converted into a political rally aimed at saving the seat of that city's Congressman Thomas J. Lane. The committee members must have been pretty naive if they expected anything else.

Fluoridation Adds But Small Amount Of Salt

Dr. Harry T. Phillips, Newton City Health Director, said today persons on low sodium diets need not be worried if it is decided to fluoridate the city's water supply.

"The increase in sodium intake resulting from fluoridating our water supply would amount to less than one per cent and is of no medical significance whatever," Dr. Phillips said.

"If this substance were used, the sodium content of our water would be raised by 1 mgm per liter. Patients on the most severely restricted diets are allowed 500 mgm of sodium daily, and most take 1000 or 2000 mgm."

Coinciding with Mayor Gibb's proclamation is the city-wide drive this week to raise funds for Cystic Fibrosis Research. Genevieve Oncley Asks Sixth Term On School Board

Mrs. Genevieve R. Oncley is seeking reelection to a sixth term on the School Committee from Ward 2.

The mother of two daughters who graduated from the Newton public schools, Mrs. Oncley is a former teacher and a former member and officer in the Newton PTA Council.

Mrs. Oncley has expressed strong ideas concerning Newton's school needs and has vigorously opposed some of the recommendations contained in a "North Side Elementary School Study" report which would relocate part of the pupils at the Horace Mann and Stearns Schools at a school in a primarily industrial area.

"This would create new problems of distance and traffic," she declared.

"Both schools must be abandoned as recommended, and changes in the city structure necessitate new location and addition to other buildings as well," she maintained.

"I have stated that Horace Mann should be replaced by a new building on the Albe-Marle Playground," Committee woman Oncley continued. "I believe this can be done with little disturbance to our much needed recreational facilities."

"Stearns must be abandoned, and the addition to the Lincoln-Eliot and Carr Schools should care for the Stearns' need and at the same time give those schools increased benefits, especially to the physical education program," she stated.

"I am not unaware that Day Junior High will soon need enlargement in some way, and the great need at the Newton High School is apparent to us all," Mrs. Oncley added.

"This has been discussed with the administration, the Mayor and the proper city committees, and plans are presently being prepared to meet this problem," she declared.

Mrs. Oncley said that the Newton Junior College, with its tremendous growth, has inadequate space and facilities.

Committee woman Oncley is active in community affairs as vice president of the executive board of the Community Council and Community Chest, vice president of the Newtonville Improvement Association, and as a member of the Official Board of the Newtonville Methodist Church.

Her state educational work has been in the field of teacher education as chairman of the Committee on Teacher Education for the Massachusetts Association of School Committees and as secretary of the Massachusetts Council for Teacher Education.

ent in Texas, and the depth of the water is so great that it is preventing the return of these people to their homes. Damage to homes and property and live-stock is unassessable at present. Relief costs will probably amount to several million dollars.

Red Cross Chapters across the country, including Newton, are getting into high gear to prepare for disaster relief campaigns to cover the cost of this unprecedented destruction.

The American Red Cross is conducting one of the largest sheltering and feeding operations since it was formed in 1881. By last Sunday night 153,670 persons were being housed and fed in 522 Red Cross shelters in Texas and

Louisiana as Carla moved in from the Gulf of Mexico. National Disaster Director Robert Edson termed the mass evacuation a "modern day exodus."

Greatest influx of fleeing residents was to Houston where the shelter population jumped from 7,000 to 55,000 with the total prediction still unknown. Shelters increased from 24 to 124. 300 doctors, 300 nurses, and 100 medical students, technicians, and pharmacists are on duty at the Houston shelters. The medical students were assembled by a specially coded call broadcast for use in emergencies.

During this emergency period, Red Cross will give immediate relief to all disaster victims. Clothing and emergency medical care will also be provided for the victims.

After the emergency period,

the big Red Cross disaster job begins. Ruined furniture is replaced as well as other household necessities. Arrangements are made for long-range medical and nursing care, necessitated by the disaster. Damaged or destroyed homes will be rebuilt where necessary or else repaired. Many families also will receive food, clothing and maintenance expenses while recovering from the effects of the disaster.

Red Cross also will aid in the recovery of small businesses, which includes the replacement of occupational supplies, fixtures, inventories and equipment. 80% or more of Red Cross disaster relief funds goes for this long-range assistance.

Political Highlights

(Continued from Page 1)

Lane has worked hard for his district and is extremely popular in it. If that weren't the case, he wouldn't have been reelected a few years ago after he served a period in jail for income tax evasion.

Democratic leaders in Lane's district utilized the Lawrence hearing for a clarion call to political arms. For a time it seemed that they might be booming Lane for election as the next President instead of trying to keep him on Washington's Capitol Hill.

"The greatest Democrat of them all," was one of the more modest tributes paid to Lane by his admirers who pointed out that he polled more votes in his district last November than did President Kennedy. They neglected to explain that Lane was unopposed while Kennedy wasn't.

The desire of Lawrence Democrats to keep Lane in Congress is understandable, for he has done a good job for them.

However, the same kind of demonstration could be staged in any of the 14 congressional districts.

Each of the 14 Massachusetts Congressmen is popular. Each has a big personal following. Each has done or tried to do a great deal for his district.

But Massachusetts next year will elect only 12 Congressmen instead of 14 as a result of the 1960 census. Two of the Bay State Congressmen now serving on Washington's Capitol Hill won't go back there in 1963. That's a matter of simple mathematics.

Lane's supporters are up in arms because of reports that the legislative committee may solve the problem confronting them by wiping out the districts of the Democratic Lane and Republican Congressman Laurence Curtis.

Admirers of Curtis, who is serving his fifth consecutive term in Congress, undoubtedly would create just as big a furor if they are given an opportunity to do it by the Democratic-dominated committee.

Curtis, incidentally, is expected to be given a place at the head of the Republican State ticket if he is legislated out of office. It is unlikely that there would be any comparable spot for Lane on the Democratic slate.

Any solution worked out by the legislative committee is not apt to be satisfactory to Lane's backers.

Even if Lane's district is saved it would have to be increased by about 150,000 residents, and the addition of new cities and towns might place Lane's seat in jeopardy.

The suggestion was made, for instance, that Democratic Lowell be one of the com-

munities added to the Lane district. That didn't appeal to the Lane boosters because they feared that a Lowell Democrat might defeat their man in a primary.

However they struggle out of their dilemma and whatever plan they eventually produce for the creation of 12 new congressional districts, the committee members are certain to displease somebody.

One person they can't afford to displease too badly — if they want their plan enacted into law — is Governor Volpe because if their proposal is too repugnant to Volpe he'll veto it.

What still isn't clear to this observer is whether the committee members are making a sincere effort to work out a plan that is reasonably fair to both the Democrats and Republicans or are merely putting on a political act and will come up with a proposition they know Volpe will reject.

It's still a little too early to tell which may be the case.

If they are really trying to develop a plan that is acceptable to Volpe and if they are influenced by the uproar created by Lane's followers, it might mean that that freshman GOP Congressman Bradford Morse of Lowell, who was elected last November to succeed the late Edith Rogers, might get the redistricting axe.

If Lane is saved, it also would have to be at the expense of some other Democratic Congressman since Governor Volpe will take a dim view of any redistricting scheme which spares the eight Democratic Congressmen but liquidates two of the six Republican Congressmen. That would not be Volpe's idea of an equitable solution to the problem.

Meanwhile, public hearings such as that held in Lawrence are merely adding fuel to the already raging political fires.

"What's this nonsense about his brother having a flying saucer?"

FIRE PREVENTION — Proclamation designating the week of Oct. 8-14 as Fire Prevention Week in Newton is signed by Mayor Donald L. Gibbs. Shown from left to right are Herbert Gray, chairman of the Newton Chamber of Commerce Fire Prevention Committee; Justin T. Horan, Chamber executive director, and Fire Chief Frederick A. Perkins, Jr.

Mayor Gibbs Proclaims Fire Prevention Week

Mayor Donald L. Gibbs urged Newton citizens today to take an active part in the nation's observance of Fire Prevention Week, starting Oct. 8, and said "the reward is a safer community for all our citizens."

The Mayor called attention to the fact that his proclamation is a part of a national effort in which Newton will cooperate with all citizens throughout the country.

Mayor Gibbs issued a proclamation calling upon city departments to assist the Fire Prevention Committee of the Chamber of Commerce to

make this year's Fire Prevention Week the most effective on record in Newton.

The Fire Department and the schools can perform particularly valuable service in the observation, he said.

In his proclamation, the Mayor stated:

"WHEREAS thousands of Americans lose their lives each year from fires that could be prevented; and

"WHEREAS great social and economic losses to our city result from the destruction of homes, business enterprises, industries and natural resources;

"THEREFORE, I, Donald L. Gibbs, Mayor of the City of Newton, do hereby proclaim the week beginning October 8, 1961, as Fire Prevention Week.

"I call upon all departments and agencies of the city government to participate actively in a campaign for improved fire safety. The Fire Department and the schools of our city can provide effective leadership in the activities of Fire Prevention Week, and I urge them to work with the Chamber of Commerce and other organizations for a successful program.

"I earnestly request every citizen of the community to take part in relieving hazardous conditions and making our city a safer community in which to live and work."

Holiday Lanes Attract Women Bowlers Daily

Holiday Lanes of West Roxbury, modern, new bowling emporium, has become the recreation center for women and youngsters, and entire families, of the area.

The ten pin lanes are frequented daily by figure-conscious women who realize the slimming possibilities of bowling. The youngsters, however, are more concerned with the figure they mark on the score sheet.

Holiday Lanes officials announced that a bowling club has been formed as part of the women's program, which will feature good fun and entertainment along with health and recreation.

Weekly bowling for prizes and an occasional fashion show, or classes in hair styling and beauty, are included on the agenda.

Youngsters bowl on Saturday mornings in league competition, under the supervision of house-appointed coaches. Special junior bowling prizes are a feature of this program where rules of the American Junior Bowling Council are followed.

Calvin K. Barnes of 87 Atwood avenue, Newtonville, has been elected by the Boston Chapter, National Association of Accountants, to serve as an activities committee chairman for 1961-62.

phony claims for personal injuries or property damage are an important factor in boosting insurance rates in Newton as well as in most other cities in the Commonwealth.

They predicted that the insurance rates will continue to climb until such time as there is a drastic crackdown on fraudulent insurance claims, some of which are settled for nuisance value by insurance companies rather than incur the expense of fighting them in court.

Horace Mann School Gets Portrait

Argentine Educator Honored Here

A simple, but moving ceremony at the Horace Mann School recently paid tribute to the memory of Domingo Sarmiento, the great Argentine educator and statesman who was profoundly influenced by his friendship with Horace Mann. In front of the plaque which bears a likeness of Horace Mann, Mrs. Priscilla Camerini, a former Argentine schoolteacher, who now lives in Wellesley, presented to the school a portrait of Domingo Sarmiento. Mrs. Camerini made the presentation in behalf of the Sarmiento Institute of History and Sociology, and the Popular Commission of Homage to Sarmiento.

Sarmiento was born 150 years ago and died on Sept. 11, 1888. He met Horace Mann first in 1847 in West Newton, and was convinced that Mann's idea of free public education

was the key to the progress and development of a democracy. Sarmiento brought these ideas to his own country where he had to struggle against great odds. Years later, while he was again visiting the United States, Sarmiento was elected as Argentina's second president. He went home, and during his presidency established grade schools, normal schools, libraries and adult education programs. Sarmiento's dynamic use of education as the instrument of material progress

paid off in his own country, making it one of the richest and most literate in South America. His influence also was felt in other Latin-American nations.

The date September 11, was set aside as Teachers' Day in all countries of the American continent, by action taken in 1943 at the First Conference of Ministers and Directors of Education of the American Republics. Thus the work which Domingo Sarmiento began as a result of his visit in West Newton so many years ago is still an influential factor in this hemisphere.

In accepting the portrait Dr. Charles E. Brown, Superintendent of Schools, expressed the hope that this would be the beginning of a closer relationship between the United States and Argentina, especially in education.

Kenneth J. LaFlamme, principal of the Horace Mann School described the social studies program at the school, in which South America was an important part of the fifth grade work. Nancy Wahler, a fifth grade pupil, and Gretchen Mueller, a sixth grade pupil, expressed wishes to participate in additional tributes to Sarmiento after school is under way.

Also present at the ceremony were the Honorary Consul of Peru, Jose Godoy, who represented the Pan-American Society, Francis DeWinter, President of the Argentine Club, Mrs. Genevieve R. Onoley of the School Committee, and Miss Florence Hickey.

head teacher. At the conclusion refreshments were served by Mrs. Mueller and Mrs. Wahler of the Horace Mann P.T.A.

pounder who has size, speed, passing ability plus all-around athletic ability.

"He's a real take-charger guy," commented Coach Maloney, "and he is potentially one of the best quarterbacks in the state. His improved confidence in himself is reflected in his fine running in recent weeks and his poised control of the offense."

Last year was perhaps the worst in Newton history when the Tigers won none and lost nine games.

Everett will be minus its all-scholastic quarterback, Bobby Leo, who many feel may be one of the outstanding backs in the state. He suffered a minor fracture of his left wrist last Friday during a scrimmage between Everett and Malden Catholic.

Everett Coach Moody Sarno said Leo was injured in a pileup after a play and apparently the pile shifted and his wrist was caught under his body.

Injuries have bothered Newton South High Coach Jim Romaine too. He guided the squad on its first season to a 3-3 record.

South's regular right end Dick Terry has been sidelined indefinitely with a torn hamstring muscle, and the other end, Doug MacLean, has been suffering from a chronic sprained back which dates from the basketball season.

"We should improve over last year," predicted Coach Romaine. "We lost on a center and a right end from the line, and a quarterback and halfback, but we are not as big as I would like and we don't have much depth."

"So I have my fingers crossed that we steer clear of injuries. If we do, we'll be all right."

Brotherhood To Hold New Member Breakfast Event

The Brotherhood of Temple Shalom of Newton will open the 1961-1962 season with a "New Member Breakfast" on Sunday, September 24, at 9:30 a.m. in the Temple Social Hall. A special welcome to new members will be extended by Arnold Shaw, president of the Brotherhood, and Jack Fisher, membership chairman.

The guest speaker will be Benny Friedman, athletic director at Brandeis University, who has been associated with football for nearly forty years. He has been a player, coach and coast-to-coast announcer, and his career was formally climaxed when his name was entered in football's Hall of Fame.

Mark Warshaw, 55 Oak Hill street, Newton Centre, is in charge of reservations.

Trinity Church Harvest Festival On Sept. 28-29

The Trinity Church Harvest Festival promises to be one of the most colorful events of the Fall season in Newton Centre. By returning to the earlier dates of September 28 and 29, the Festival will offer many extra attractions in tents set up on the lawn of the church.

Orders for gourmet dishes, always in demand, will be taken in the confectionery shop.

The Glamour Bar, another old favorite, is back with an array of elegant additions to milady's boudoir.

An antique car will circle the neighboring streets giving a delightful ride to all who wish one.

Luncheon will be served on both days from 12 to 1:30. There will be a savory roast beef dinner on Thursday with two sittings at 6 and 7 p.m., followed by entertainment at 8:15. Reservations for the latter two may be made by calling the church office, LA 7-2790.

For the children, there will be popcorn, balloons, a Midway and a Puppet Show on Thursday afternoon at 4 p.m. Competent baby-sitting will be provided for the small fry at all times.

Newton Tigers Tackle Cranston In Bid For Victory; South Idle

Newton High's football team, looking for its first victory after 12 consecutive losses, travels to Rhode Island Saturday for a 2 o'clock kickoff date against Cranston High School.

All too little is known of the opposition, but last Saturday Hendricks swamped Cranston West by a score of 33 to 0.

Both Newton and Newton South got off on the wrong foot last Saturday. The Bob Malone-coached Newton team could look back on poor punts and a costly fumble for the 22-8 decision which Everett took at Dickinson Stadium. And Framingham just nipped Newton South 12-6 in the last minute of the game at Bowditch Field.

Coach Malone was far from depressed after the improved showing of his team, despite the loss. "We have eight more games to improve," he commented. "That fumble really killed us, it was the big play of the game. Our football team was not 14 points worse. I thought it was an even contest. The score is very deceiving."

Newton's lone TD came in the second period by moving the ball 53 yards in eight

Five Newton residents were among the passengers and a heroic stewardess whose parents live in the Garden City was a member of the efficient crew of the American Airlines jet which crashed into Winthrop Bay Sunday at 11:04 a.m. with 72 persons aboard.

All the passengers joined in praising the crew of the four-motored 707 Astrojet and the boatmen whose small craft effected the rescue, while Stewardess Connie Forbes, 22, of 209 Tremont St., Newton, said "the passengers were just wonderful . . . there was no panic."

The plane settled in 10 feet of water, 30 feet from shore, when the pilot was unable to brake the giant craft to a stop after landing by instruments in the fog at Logan International Airport.

Miss Forbes was stationed in the tail section when the craft ditched.

"The passengers, especially the men, were really terrific," she related. "They helped women and the children to the life jackets."

Phony Drug Prescription Nets 2 Men

Two Brookline men were arraigned in Newton District Court Friday on charges stemming from an attempt to obtain narcotics with an allegedly fraudulent prescription.

Pleas of not guilty were entered by Robert Cartoff, 37, of 27 Stearns road, and Charles E. Balkin, 37, of 29 Green street, Brookline, and Judge Gardner W. Russell held them in total bail of \$3500 for a hearing October 4.

Police credited the alertness of two Newtonville druggists for the capture of Cartoff which led to the arrest of Balkin at his home.

Some 400 Hallowe'en Parties Planned For 18,000 Children

Newton's youngsters can look forward to a Hallowe'en observance this year even bigger and better than ever.

The Newton Recreation Department annually sponsors what has become a nationally-known program of over 400 parties. It is supported by hundreds of organizations and individuals, including the School Department, Parent Teacher

Associations, the Police and Fire Departments and the Newton Chamber of Commerce.

"This City's 1961 Hallowe'en observance will be better than ever," Recreation Commissioner E. Evan Johnson told a meeting of the executive committee handling arrangements for the program, held at the Mason-Rice School in Newton Centre Tuesday evening.

The meeting was called by the General Chairman, Dr. R.

Emerson Sylvester of Auburn-dale, to plan the 21st annual celebration to be held this year for over 18,000 school children. This is Dr. Sylvester's seventh consecutive year as general chairman of the program.

Commr. Johnson pointed out that this Hallowe'en celebration is the largest single civic enterprise in the city. He pointed out that one out of every five people in Newton participates in some phase of the program.

Balks Expansion Plan Of Newton Jr. College

Mayor Donald L. Gibbs has thrown down the gauntlet to the Newton School Committee which may affect the future of the Newton Junior College.

The Mayor, in his capacity as ex-officio member of the School Committee, attended Monday night's meeting. He cast the only vote against a recommendation to acquire the Newtonville Woman's Club, and he voted against a proposal to request the Mayor and Board of Aldermen to transfer \$25,345 from the general city surplus to the Junior College fund to cover additional operating costs. In each case the vote was 7 to 1.

The Aldermen could conceivably vote to acquire the club over the Mayor's opposition, but the Aldermen could act on a request for transfer of funds from the city surplus only if the proposal is submitted to the Board by the Mayor. In view of his vote Monday night, this appeared unlikely.

Mayor Spearheads Drive To Secure 100,000 Signatures On Petition To Repeal Law

Mayor Donald L. Gibbs will spearhead a drive in Newton to obtain signatures on an initiative petition aimed at repealing the law authorizing the extension of the Massachusetts Toll Road through this city into Boston.

Gibbs, who is recovering from virus infection, declared that he intends "to work my head off" on the matter as soon as the petition forms are presented to him by the group seeking the repeal of the Turnpike Law.

He pointed out that Newton has a big stake in the drive to wipe out the statute which has been interpreted as not only permitting the extension of the Toll Road but also as preventing the construction of any other highway to link

Weston terminus of the Toll Road with Boston.

Petition forms containing 72,514 signatures of registered voters must be presented to Secretary of State Kevin H. White by Nov. 10.

To allow themselves a safe cushion leaders of the group, opposing the Toll Road extension have set a goal of 100,000 signatures.

If the State Legislature declines to approve the initiative petition, as is expected, the matter would be placed on the ballot for a vote by the people of Massachusetts in next year's State election.

However, legislative chiefs have indicated that a Supreme Court ruling on the validity of the initiative petition may be sought next year. Callahan Prepares For Third Bond Try

Referendum Battle Averted As School Board Votes Equal Pay

A lively battle over a referendum, which would place women teachers in the Newton public schools on the same salary footing with men teachers, was apparently averted when the School Committee this week approved the equal pay principle.

Richard D. Batchelder, president of the Newton Teachers' Association, declared that in view of the School Board action his organization will not make any drive for approval of the referendum question which will appear on the ballot in the Nov. 7 municipal election.

Whether the School Committee will now publicly recommend the defeat of the referendum is uncertain, but School Board Chairman Haskell C. Freedman predicted that the referendum will be rejected by the city's voters.

The Newton Taxpayers' Association also is understood to be in accord with the action taken by the School Committee. While the School Committee adopted the equal pay principle, it did not go as far as the referendum would go.

The referendum, which would go into effect the day

after election if it were okayed by the voters, would give all women teachers a \$200-a-year raise to bring them even with the men.

Under the School Committee vote all teachers in their fourth year or more of service would get a \$200-a-year raise on Sept. 1, 1962. The women teachers in their first, second or third years of service still would get \$200 less than the men.

The reason for that provision, it was stated, was that two out of three women teachers who come to Newton do

not remain to begin their fourth year of service.

Two-thirds of the women teachers leave after one, two or three years for a variety of reasons. Some get married. Some already are married but find it necessary to give up their jobs or move to another city because their husbands are transferred.

The School Committee vote, in effect, was intended as a compromise to satisfy the teachers who favor the referendum as well as those who oppose the referendum.

Batchelder said the Newton Teachers Association isn't going to ask anybody to vote against the equal pay referendum but that neither will it make any drive to achieve its passage.

"I don't anticipate that the association will take any action on the referendum," he said. "The School Committee vote makes the referendum somewhat academic."

Storm Esther Leaves Lush Lawns Here

Lush, green lawns throughout the Newtons remained as mute evidence of the effects of Hurricane Esther's two visits close to Southern New England, although last Thursday heavy rains and winds caused some damage.

Tree limbs and wires were blown down, more than a score of cellars flooded, street lights and some telephone out and a number of burglar alarms sounded last Thursday when the tropical storm, still packing hurricane winds, approached New England.

However, the storm waned and moved out to sea without

McLaughlin Blasts Volpe For Much Talk, No Action

A prelude to the heavy political cannonading which may be expected in next year's election campaign was provided when Democratic Lieutenant Governor Edward F. McLaughlin, Jr., drew a bead on Republican Governor John A. Volpe and blasted away with both barrels.

Volpe is expected to run for reelection to a second term next year. McLaughlin is a prospective candidate for promotion to the Governorship. So the two are potential opponents in 1962. Until now relations between them have been reasonably friendly even though McLaughlin has opposed Volpe on a number of issues.

From here on, however, the relationship between the two is likely to be a little on the chilly side for McLaughlin raked Volpe with the most withering attack directed at the Governor since he assumed office.

It all started when McLaughlin, while making a speech in New Bedford, was asked a question from the floor about Volpe's part in the investigation of the State Waterways Division.

McLaughlin replied by accusing Volpe of "stalling" and "dragging his feet" on the waterways probe.

Budget of \$3,611,000

Increased Wages, Costs, Etc. Force Higher Hospital Rates

The Newton Wellesley Hospital Board of Governors today announced an increased schedule of rates and said it would cost an estimated \$3,611,000 to operate the 250-bed hospital during 1961-62.

This is approximately \$130,000 more than during the present fiscal year.

To help finance the budget, the Board of Governors also announced an increase in daily patient rates, effective Oct. 15th. The daily rate for private patients will increase \$4 per day, while the daily rate for patients in other accommodations will advance \$2 per day. During the initial three days of hospitalization, the daily rate for all patients will increase one dollar, reflecting higher costs for the growing number of diagnostic tests and services performed during the early days of a patient's hospital stay. The daily rates will continue to be lower than those of comparable Boston hospitals.

Employee salaries — the largest single operating expense — will account for about 70 per cent of the \$3.6 million budget, or a total of nearly \$2.5 million.

Principal reasons for the higher budget were normal increases in personnel wages, and allowances for greater numbers of generally costlier supplies, it was noted. Trustees of the hospital held the line on equipment purchases in hopes that community giving will provide the resources for such needed items.

Commenting on the budget, William S. Brines, Director of the Hospital, said:

"In spite of all-out economies, we are facing higher costs in practically every area of our operation. The Board and Administrative officers have established a realistic budget figure. It represents the lowest cost at which we can operate and still provide the kind of care that should be given."

"During the fiscal year that begins October 1st," Mr. Brines continued, "we anticipate more than 30,000 persons will use the hospital, either as in-patients or as out-patients. We will pay the prevailing cost for the drugs and supplies and food that our patients will need."

"Serving our patients will require slightly more than 600 full and part-time employees around the clock, or about the same number that we have presently. As one of the largest employers in the community, our staffing and operating requirements are based on being tooled-up to furnish maximum service, at any hour of the day or night."

Discussing factors behind the higher costs, Mr. Brines said "the average salary of a full-time employee in our hospital is about \$4,100. In today's competitive job market, we no longer can retain competent workers at the bare minimum wage, nor should we expect a hospital person to work for less than a living wage."

"We cannot attract the highly skilled technician needed on the modern health care team without paying the prevailing community rate for such technical people. And people will not stand for bargain basement care in any hospital when the personnel and tools exist for top-quality care."

"Today's hospital patient requires specialized care," Mr. Brines said. "New drugs permit most illness to be treated in the doctor's office or at home. When hospitalization is necessary, the patient's need is generally extensive, and is based on care that only the

hospital can provide. Even then patients stay in the hospital a lot longer than formerly, so the cost of an illness or operation is roughly equal to the cost of a few decades ago."

Early in the current fiscal year, the hospital retained a management consultant group to review operations of the hospital. The consultants reported that the hospital was well run and was operating at peak efficiency. The group also reported on the hospital's poor cash position, and noted that a break-even operating budget was imperative.

Get-Acquainted Evening By PTA Of Davis School

"Get-Acquainted-Evening" sponsored by the Davis School P.T.A. to provide an opportunity for both parent and teacher to meet on an informal basis, will be held at eight o'clock Monday, October 2, at the Davis School Auditorium.

President Jurgen Elkan will preside at a brief business meeting. Following this meeting individual classrooms will be open for inspection. The teacher will describe current projects and relate plans for the coming school year. The program for the evening will be concluded by serving refreshments.

The Davis School P.T.A. will have the following officers serving for the coming year: President, Mr. and Mrs. Jurgen Elkan; 1st Vice President, Mr. and Mrs. Robert Chen; 2nd Vice President, Mr. and Mrs. Nathan Freedman; 3rd Vice President, Mr. and Mrs. Matthew Jefferson; Recording Secretary, Mr. and Mrs. Mario Baldi; Corresponding Secretary, Mr. and Mrs. Vincent J. Newton residents among the passengers were:

Mrs. Olive Babcock, 90 Boylston St., Chestnut Hill;
Sidney Miller, 62 Deborah Rd., Newton Centre;
John Sheehan, 36 Algonquin Rd., Chestnut Hill;
David Sher, 18 Princeton St., Chestnut Hill;
Dr. Augustine Thorndike, 509 Hammond St., Chestnut Hill.

Mr. Sher, assistant general manager of the Star Gold Stamp Co., was sitting in a wing window seat and said he watched the ground swing away and turn to water. "After the initial shock everyone was remarkably calm," he recalled. He said the crew did a tremendous job "fast and efficient."

Mr. Miller is an executive of a Boston firm which manufactures canvas products. Dr. Thorndike, whose practice is in Cambridge, is on the staff of the Mass. General Hospital. He estimated that during and since World War II he has flown half a million miles, but this was the first accident in which he was involved on a plane.

Miss Margaret Anne Stresseger, daughter of Mr. and Mrs. Donald J. Stresseger, 27 Waldorf road, Newton Highlands, a recent graduate of the Faulkner Hospital School of Nursing, was feted at a reception held in her honor last week.

Miss Stresseger, a graduate of Newton High School, Class of 1958, has joined the staff at Faulkner Hospital as a graduate nurse.

She is the granddaughter of Mrs. Fred L. Crawford, of Newton Highlands, and Mrs. John M. Bernard, of Essex, England, and the sister of Carol Joy Stresseger of Newton Highlands.

Raytheon Moves Newton Workers To Lowell Plant

Employees at Raytheon's Semiconductor Division at 150-153 California street, and 55 Chapel street, Newton, will be given an opportunity to transfer to Lowell, the new headquarters of the division in a vacant 204,000-square foot former CBS electronics plant.

The Chapel street facility will continue to be utilized by Raytheon's Industrial Components Division, which is not affected by the relocation.

E. Nevin Kather, vice-president and general manager of the Division, said the move would be accomplished before Jan. 1 without interrupting production schedules.

Miss Bacon Is Sunday Hostess

Miss Katherine Bacon, 230 Winchester St., Newton Highlands, will be hostess at an area acquaintance tea at her home for the Boston Alumnae Chapter of Delta Delta Delta on Sunday afternoon October 1st, at 3 o'clock. All members are welcome.

Delta Delta Delta was founded at Boston University in 1888. There are now 105 chapters in colleges and universities in this country and Canada, and nearly 300 alumnae chapters. Tri Deltas contribute toward scholarships for women on its campuses.

Grace Whitmore Says No Newton Schools Unsafe

Mrs. Grace C. Whitmore, who is standing for reelection as the School Committee member from Ward 3, declared this week that there is no basis for any impression that some Newton school buildings are unsafe for children.

To support her statement she quoted a recent report by Acting Building Commissioner Arthur Campbell certifying that all Newton schools "are in a sanitary and safe condition for occupancy."

"Some of our buildings are old, but every effort is being made to upgrade and maintain those we find it necessary to continue to use," she stated.

Replacement of old buildings must be planned with the needs of the entire city in mind, both pupil-wise and financially," Mrs. Whitmore emphasized. "A School Committee member must be able to look at the whole city-wide school picture."

She said that during the past few years the School Board has been considering the needs of Newton's North side and that with the assistance of City Planner Charles Downe a survey of this area has been made.

"This survey is in the process of being discussed, and a final decision within a planned time schedule is being worked out," she asserted.

"All sides of the issue and all sections of the area are being considered," Mrs. Whitmore said.

"Only in this way can a solution be found which is fair to all our citizens, both those with children as well as those without children," Mrs. Whitmore said.

"All are taxpayers to whom we are ultimately responsible," she concluded.

Newtonville Garden Club

Members of the Newtonville Garden Club will meet at Jaffrey, N.H., on Thursday, Oct. 5th. They will visit the Dora N. Spaulding Trail on Mt. Monadnock. Luncheon will be served at the Orphe Shop at Jaffrey. Mrs. James F. Mansfield is chairman.

Older Citizens Health Needs Studied In Survey

An unique study of the health needs of older citizens of Newton has begun this week under the auspices of the Newton Health Department. The study will provide the Health Department and other Newton and Greater Boston health, welfare and civic organizations with a substantial amount of information on the general health of Newton's older people.

Of prime importance will be the effort to obtain information on the potentials of older people themselves, for self-help and their capacity to provide services to meet the needs of other older citizens.

The study has the active support and cooperation of Newton health and welfare agencies concerned with the needs of older people. Representatives of the operating agencies, both public and voluntary, have cooperated in the planning of the study. The preparation of the questionnaire to be used has been carried on in consultation with a group of interested senior

citizens. Funds for the conduct of the survey have been provided by the Medical Foundation Inc. of Boston, to the Newton Health Department.

In his announcing of the start of the survey, Dr. Harry T. Phillips, Newton Health Director and Principal Investigator, noted that the study is of particular importance because of one special feature. The study was one of the first community studies of this type in the United States in which the interviewers would all be over 65 years of age. A group of sixteen volunteer

citizens, all over age 65, have been undergoing special training for several weeks. This research, stated Mr. Phillips, is one of the few studies of older people, by older people and for older people.

Among the Newton residents participating in the study as volunteer interviewers are: Hubert E. Ames, Edwin F. Brown, Paige B. Coons, Carl C. Cooper, William E. Earle, Herbert E. Fleischer, John J. Hickey, George H. Kiesewetter, John G. Learmonth, George A. Morley, Carl C. Perry, Orrin J. Petrie, Harold L. Ramsey, and William E. Steinacher.

The Junior High Camp Fire Girls will inaugurate their

current season of activities with a boat cruise around Boston Harbor to George's Island, the newly opened M.D.C. recreation spot, on Saturday, October 7th.

Mrs. Frank Chambers, leader-sponsor representative of the Junior High Camp Fire Girls announces that in addition to the cruise, the committee has planned a picnic and fishing for the group. This will give the Junior High Girls, old and new members from the Newton schools, a chance to get acquainted.

The Junior High Camp Fire program, with monthly meetings, is dedicated to service and social activities for girls of this age. The program consists of home, arts, sciences, service, sports and to the earning and awarded of group torchbearers.

ing and awarded of group torchbearers.

Committee members include Elizabeth Stowe, president of the Junior High Camp Fire Girls; Linda Pearson, chairman of the Cruise; Nan Darick, 8th grade representative, and Betsy Boardman, 9th grade representative.

stemmed from a paragraph in the annual report written by the director of the Junior College, Charles W. Dudley, which stated the institution's purpose to serve the general and particular needs of eligible youth and all adult citizens of sponsoring "and surrounding communities."

The Mayor claimed that the words expressed a change in policy with regard to the purpose of the Junior College.

Chairman Haskell Freedman, as did other members of the Committee, backed Mr. Dudley's report and said "even if it is not in writing, I always felt it was the sense of this committee from the beginning."

Gibbs countered: "I will subscribe to it (the junior college) as long as it's for Newton youth. Otherwise let it come under a state or regional college."

At present the enrollment of the junior college is 500 students and is self-supporting. The ratio of Newton students is 52 per cent against 48 per cent from outside the city. Non-Newton students pay \$500 tuition against \$400 for Newton students.

The Newtonville Woman's Club is diagonally across the street from the junior college. It would provide the junior college with a lecture hall accommodating about 200 students; a social hall for 100. There also would be a conference room and office; recreation, kitchen, coat rooms and storage rooms in the basement.

Supt. of Schools Dr. Charles Brown defended the report written by Mr. Dudley and said, in effect, it was his report. He told the School Committee that an enrollment of slightly over 400 had been anticipated at the junior college. "We knew we'd have trouble," he said, "but we thought we could handle it."

More Children Washington — There are about 58 million children in the U.S. under the age of 18. The total represents an increase of about 18 million since the conclusion of World War II.

Political Highlights

(Continued from Page 1)

Observers have pointed out from time to time that Volpe has blown both hot and cold on the waterways investigation and that there has been a big difference between what he has said and what he has done.

But no one has put it quite as bluntly or succinctly as did Lieutenant Governor McLaughlin who would like to succeed Governor Volpe at the head of the State government.

McLaughlin charged in effect that Volpe is long on talk and short on action. He declared that Volpe beats his breast, repeatedly stresses the need for loftier ethics and cleaning up corruption but winds up by doing nothing to accomplish what he says should be done.

"He has talked and talked," McLaughlin said of Volpe. "I don't quarrel with what he has said, but I do criticize his failure to do anything."

McLaughlin was especially caustic in alleging that Volpe has done nothing about cleaning up the corruption which he claimed existed when he assumed the Governorship.

Referring to the waterways investigation, Lieutenant Governor McLaughlin said that Governor Volpe has reversed himself more times during that probe than a swivel-hipped halfback weaving his way down a football field for a touchdown.

"We don't know where he stands from one day to the next," McLaughlin asserted acidly.

McLaughlin maintained that Volpe as Governor has not provided the leadership which the people had a right to expect from him.

He said that Volpe time and again has announced his intention of doing something to improve the State government but has never got around to doing it.

Lieutenant Governor McLaughlin used strong words in blasting Governor Volpe, but he said much the same things which other people have been saying a little less forcefully.

Volpe campaigned on the issue of corruption and has made it the theme of numerous speeches he has delivered since becoming Governor. Now McLaughlin has flung that issue back at him and in substance has asked what Volpe has done besides talk.

McLaughlin's blast is very likely to have echoes in next year's election campaign.

Things to Check Before Requesting TV Service

ELIMINATE UNNECESSARY SERVICE CHARGES BY CHECKING THESE SIMPLE CAUSES OF TROUBLE FOR YOURSELF

- If set is completely dead, is line cord plugged into electric outlet? If cord is plugged in, unplugging and trying a lamp in outlet. If lamp lights, try set when plugged in again.
- Look at antenna wire on back of set. Make sure leads are firmly connected to terminals on set and that bare leads are not touching each other.
- If sound is normal, but no picture present, turn brightness control full on, but picture is rolling, leaving out or no picture on all channels, adjust horizontal hold or vertical hold controls. Try reducing contrast or picture control.
- If only one channel is affected, allow station time to announce any technical difficulty which might have occurred.
- If sound is normal and picture tube has light with brightness control on, but picture is rolling, leaving out or no picture on all channels, adjust horizontal hold or vertical hold controls. Try reducing contrast or picture control.
- If sound is weak and noisy and picture has excessive snow, see if antenna is still installed in original position, or if lead in wire is severed anywhere.

OLD Mr. BOSTON SCOTCH
BLENDED WHISKY

WHAT MAKES THIS ONE SO SCOTCH?
Scotches are blended whiskies, made in Scotland from native barley grain in traditional pot stills. Scotch's unique smoky flavor comes from the peat which fuels the kilns in which the malted barley is dried. Old Mr. Boston's Imported Scotch is one of the mildest of all Scotches. Blended of choice Highland stocks — you are assured of superb quality!

OLD Mr. BOSTON CANADIAN RIVER
A BLEND

LIKE LIGHTNESS? GO CANADIAN!
The ever-popular whiskies from north of the border are all produced and blended under Canadian government supervision. Usually distilled from rye, corn or barley, the special distinction of Canadian whisky is that it is lighter-bodied than American whiskies. Old Mr. Boston's Canadian River is not only lighter; it's one of the finest-tasting whiskies ever imported into the U.S.A. Try a bottle soon and see!

OLD Mr. BOSTON IMPORTED V. I. LIGHT and DARK RUM

NOTHING HUMDRUM ABOUT RUM!
Rum is distilled from the fermented juice of sugar cane, cane syrup and molasses. Most rums are blends of several aged rums, ranging from heavy, pungent types to light, brandy-like varieties. From the sun-kissed Virgin Islands come Old Mr. Boston Light and Dark Rums. The first is dry and delicate; the Dark a shade sweeter. Both delightful!

Temple Emanuel Readies Youth Activities Program

The Director of Youth Activities at Temple Emanuel, Chester Rubin, announces that a full scale program of activities will start soon for all age levels. Last season close to 1,000 members participated in the youth and golden age program.

For children in the 4th through 6th grades of public school classes in Arts and Crafts, Cooking, Junior Choir, Dramatics and Israeli Dancing are available. All boys 8-10 years of age interested in joining the Cub Scouts are invited to a meeting with their parents on Monday evening, October 9, to be held in the Vestry of the Temple.

A Dance Class, under the sponsorship of the Sisterhood, will be held on Monday evenings starting on October 23 for boys and girls in the 5th and 6th grades of public school from 6:30-7:30 p. m. and for the 7th graders from 7:30-8:30 p. m.

Temple Emanuel sponsors

Boy Scout Troop No. 25 which started its program this week. An Explorer Post is also available for those boys interested in advanced scouting.

The Pre-Teen Program for boys and girls in the 7th and 8th grades meets on alternate Saturday evenings and begins on October 14. Some of the programs scheduled are as follows: Jewish Holiday celebrations, ice and roller skating, bowling parties, professional entertainment, movies, home talent, swimming and supper parties.

The Athletic Program, for boys in the 7th-12th grades, are held on Thursday evenings from 7-9 p. m. at the Meadowbrook Jr. High School. Last season our Varsity Basketball Team copped the Newton YMCA Church Basketball League.

This year seven different USY Clubs will be sponsored by the Temple which will begin their program on Sunday morning, October 1. These

clubs will be affiliated with the United Synagogue Youth of America and the New England Region USY. Each club will vary its program according to the needs and interests of the members. Last season our USY Clubs at Temple Emanuel were awarded a special plaque at the annual USY Convention in Chicago for their outstanding program.

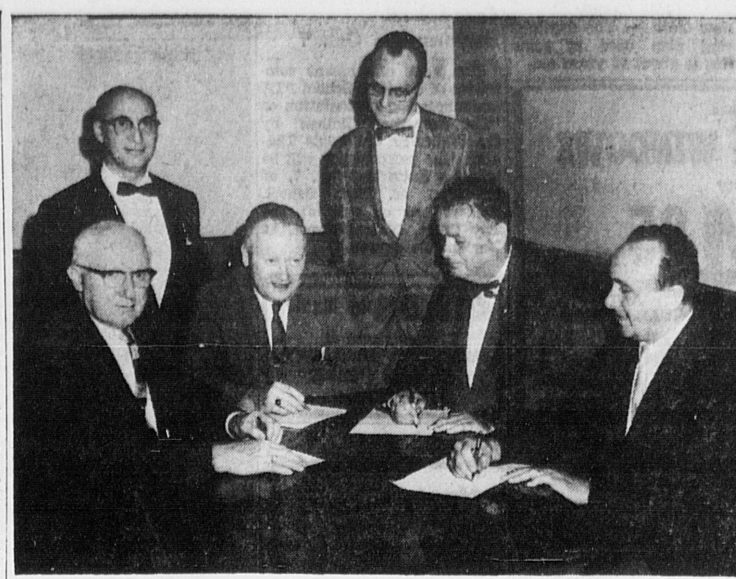

As in the past several years, two Leaders Training Fellowship clubs will be sponsored by the Temple. A Junior and Senior club will be open to all boys and girls (age 14 before Dec. 1, 1961 through Seniors in High School) who are actively pursuing their Jewish studies at the Hebrew Teachers College or at Temple Emanuel High School Department.

All members of post-college age of Temple Emanuel, and their friends, are invited to join the new Young Adult Club. Religious, social and cultural programs will be geared to meet the needs and interests of the participating members.

The Golden Age Club will start its program of activities on Sunday afternoon, October 10, in the Vestry of the Temple. Every Senior Citizen in the general Newton community is invited to join this group.

Competent professional leaders have been engaged to lead each of the programs. Registration is now open for any of the above interest groups and clubs and those wishing to join are asked to contact Chester Rubin, Youth Activities Director of Temple Emanuel, at LA 7-6906.

The entire Youth Activities Program is supervised by Rabbi Albert I. Gordon and the Youth Activities Committee under the chairmanship of Morris Bernstein.

Panel A Wall In A Weekend

If you haven't paneled a room before, why not try it in easy stages?

That's the advice of F. DIEHL & SON INC., 180 Linden Street, Wellesley, United States Plywood dealer.

"Pick a wall without windows or doors—say 16' long—choose the species of wood that appeals, buy the quarter-inch hardwood plywood paneling and go to it," suggests Ron Haigh.

You'll have the job done in a weekend, according to Mr. Haigh.

To help get the do-it-yourselfer in business, F. Diehl & Son Inc., is running a special sixty day offer through November 22 as part of U. S. Plywood's nationwide Weldwood One Wall Paneling Festival.

"With the purchase of four Weldwood panels, whether Cherry, Oak, Walnut or a host of other woods including exotic varieties from Africa," says Mr. Haigh, "the home owner or apartment dweller can save \$18 on the purchase of a power Skil saw that will make all home improvement jobs easier."

Although the offer is limited to 60 days, Mr. Haigh points out that his firm is always ready to offer advice to anyone interested in paneling with Weldwood.

Mueller Seeks Ward 2 School Committee Post

Walter L. Mueller of 137 Lowell ave., Newtonville, who is seeking election as School Committee member from Ward 2, this week took issue with the School Board on the postponement of improvement or replacement of northside schools.

"The people on the North side of Newton are greatly concerned over the principle of equal educational opportunity for all Newton children," Mueller declared.

"I feel, as do many other parents with whom I have talked, that the present incumbent has not been effective in attaining any significant progress toward this desirable goal of equal educational opportunity through equal school facilities."

Mueller said he considered this "a basic exercise in democracy."

"Although I possess no professional educational qualifications for this School Committee post, I believe none are required," he said.

"The School Committee, as I view it, should be made up of ordinary citizens with intelligent interest and sincere desire to see that the children of Newton receive the best possible education commensurate with the financial capabilities of the community," Mueller asserted.

Mueller received a B. B. A. degree from Boston University and is an office executive with Keystone Custodian Funds, Inc., in Boston. His present duties include electronic computer programming, used in the operation of 11 mutual funds which the firm manages.

His business experience also includes directory publishing. He developed his own company in this field, and the directory business is now managed by his wife.

During World War II he served in the 8th Air Force for 3½ years and was in charge of a finance office overseas for 3 years.

Mueller is the father of three children, all of whom attend the Newton public schools.

A resident of Ward 2 for 16 years, he is a member of the Newton Taxpayers' Association and the Newtonville Improvement Association.

His civic activities include work on the United Fund and the Newton Girl Scouts' Fathers Camp Committee. He served as a Horace Mann PTA delegate to the School during 1960 and 1961.

president of United World Federalists, Inc., a national organization working for world peace through world law through a strengthened United Nations, and co-chairman of the National Committee for a Sane Nuclear Policy.

A question and answer period will follow Mr. Cousins' presentation, which will be moderated by George Schwartz who will also introduce Mr. Cousins. The public is cordially invited to take advantage of this opportunity to hear Mr. Cousins and may obtain tickets from Mr. and Mrs. Samuel Shaw, 65 Greenlawn Avenue, Newton Centre, Mass.

liam F. Callahan reportedly was preparing for a third try to sell the bonds necessary to finance the extension of the Toll Road from Weston through Newton into Boston.

Should Callahan succeed in his endeavor, the issue raised by the initiative petition would become moot.

Under the provisions of the initiative petition, the State Public Works Department would build an expressway between Boston and the Weston terminus of the Toll Road.

Governor Volpe favors the construction of a freeway rather than a Toll Road through Newton but has been unable to persuade Callahan to abandon his plan for extending the Toll Road. Volpe does not have the necessary support in the Legislature to prevail over the influential Callahan.

Dwight S. Strong, Watch and Ward Society head, is spokesman for the 10 signers of the initiative petition. They are known as the Petitioners for Political Redevelopment of Massachusetts.

They maintain that a freeway could be built for \$90 million and that the federal government would pay 90 percent of the cost of the project.

Many Voters Will Be Petition Signers

Because of the interest created by the toll road-free controversy in Newton it is expected that a large number of voters in the city will sign initiative petition at the polls.

Gibbs himself waged a determined legal fight against the Toll Road extension earlier this year but later into a compromise agreement after extracting a number of concessions from Callahan when it appeared that might be endangering Boston proposed Prudential Cent.

INTRODUCING FOR 1962 THE NEW LEAN BREED OF DODGE

The black automobile above is the 1962 Dodge Dart 440, first of the Action-Economy cars. A low-price, full-size Dodge that will outrun, out-economize most any car around. For a fact, it accelerates seven percent faster on five percent less gas than last year's comparable model. Seats are chair-high. There's a fold-down center armrest in front.

The white car is the Lancer GT, America's first Sports Compact. It carries five. Corners flat. Handles neat. Really goes. Bucket seats, all vinyl upholstery, full carpeting are standard.

Full-size or compact, every Dodge is rustproofed. Has a smooth ride. Goes 32,000 miles between grease jobs. As always, Dodge means dependability.

400 Parties-
(Continued from Page 1)

Mayor Donald L. Gibbs said "these parties are the best thing that ever hit Newton and their value has been proven time and time again over the years." He assured the meeting of 100 per cent support from the Executive Department.

"The success of this year's Halloween parties," Mayor Gibbs said, "as in the past depends in large part on the parents, who in past years have given many valuable hours planning and directing these wonderful evenings for our children. It will be vital to the success of this year's Halloween to again have this complete and full cooperation."

"Our aims and standards must remain high," he continued. "We have an exceptional group of children in our city and I know we will not let them down by any action of ours as parents. I am sure we may count on you for full support."

"May I join our children in deep appreciation for all your efforts. I am sure that we can all look forward to a wonderful evening of colorful Halloween parties for 1961."

Dr. Sylvester said the hundreds of volunteers working in cooperation with Mrs. Dorothy H. Caron, Program Chairman, would insure the success of the city-wide celebration.

Mrs. Caron outlined general programs for the hundreds of parties and Stanley Russell, Administrative Assistant to Superintendent of Schools Dr. Charles E. Brown, assured the meeting of the support of the School Department.

Following the business meeting, the Hospitality Committee of the Mason-Rice Parent Teacher Association headed by Mrs. Emanuel Goldman served refreshments. The pourers at the tea table were Mrs. Donald L. Gibbs and Mrs. R. Emerson Sylvester.

The following list of Party Chairmen has been released by Mrs. Garon:

Theological School Holds High School Vocational Meet

High school youth from all parts of New England will go to seminary for two days, Friday and Saturday, October 13-14, at the Andover Newton Theological School, Newton Centre, to consider the Christian ministry and its related fields as a vocation.

Protestant leaders of the country recently have expressed concern about the shortage of new clergy being trained for expanding and new churches in cities and towns.

Representatives of the alumni, of which there are 750 holding pastorates in New England alone, will lead sections on the parish ministry, campus chaplains, religious education, missions, military and hospital chaplaincy and teaching.

Among the speakers will be Rev. Dr. Nathaniel M. Guphill of New York, formerly of Newton Centre, director of the Commission on the Ministry of the United Church of Christ; Rev. Daniel Leavitt, pastor, First Congregational Church, Gardner, and president of the Alumni Association; Rev. Dr. Herbert Gezork, president, Andover Newton Theological School; Rev. Dr. Roy Pearson, school dean; and Rev. Dr. Culbert G. Rutenber, professor of social ethics and Philosophy of religion.

Also assisting the two-day conference will be Rev. Russell Loesch, Minister to Chaplains of the General Council of Cong'l Christian Churches; Rev. Harold Malmberg, minister of the First Baptist Church in Newton; Rev. Edwin McLane of the Center for Christian Development, Chappaqua, N. Y.; Rev. William McGinnis, Student Counsellor at the University of Maine; Rev. William Stay-

ton, Minister of Education of the First Baptist Church in Newton; Rev. Robert Hardina, Associate Minister of the Payson Park Congregational Church, Belmont; Rev. David Raymond, Minister to Youth, First Baptist Church in Worcester; and Rev. Vincent deGregoris of the Andover Newton staff.

Hebrew High School In Second Year

The Regional Hebrew High School, serving the Conservative Temples of Brighton, Newton, and Waltham, is now beginning its second year. The school is a joint undertaking of the congregations of Temple Beth Israel of Waltham, Temple B'nai Moshe of Brighton, Temple Emanuel, Temple Mishkan Tefila and Temple Reyim of Newton with the N. E. Region of the United Synagogue of America. Classes are held at Temple Emanuel, Mondays and Wednesdays, 7 p. m. to 9 p. m.

"The High School," said Sol Kaufman, president of the school committee, "was instituted to provide an effective program of Hebrew education at the secondary school level which each temple could not provide individually. It is at this age that young men and women begin to seek the guiding principles that are contained in our religion and history, and begin to understand the philosophies of Judaism." Students who have been graduated from either the three or five day-a-week Hebrew Schools sponsored by the above Temples are eligible to apply. Others may be admitted on the basis of an examination in the Pentateuch, Hebrew language and Jewish History.

He will take as his subject, "The Republican Party and the National Crisis."

Mr. Lodge, an authority on international economics and a lecturer at the Harvard Business School, was appointed to the post of assistant secretary of labor for international affairs by President Eisenhower and was reappointed by President Kennedy. He is the son of former UN Ambassador Henry Cabot Lodge.

He was in charge of the U. S. Department of Labor's Bureau of International Affairs until his resignation in July of this year. He has been closely associated with the International Labor Organization and was the second American to be elected its chairman.

In 1960, he received the Arthur S. Fleming Award as one of the ten outstanding young men in the Executive Branch of the Federal Government.

causing any greater damage; and then its dampness was felt again Monday with another accumulation of rain.

Rubbish and debris thrown into drains by residents was blamed by officials for the scattered flood conditions in several places. The Public Works Department had lined and cleaned out drainage brooks, which prevented a recurrence of the wide flood conditions which followed Hurricane Donna in 1955.

The Newton Civil Defense, Red Cross, and the police and fire departments were on the alert long before Esther was due. Several churches and stocks were earmarked as shelter areas, if the need should arise, and were stocked with food and supplies.

Couples Club To Open Season At Meeting Oct. 8

The opening meeting of the Temple Emanuel Couples Club will be held at the Community Hall, 385 Ward Street, Newton Centre, at 8:30 p.m. on Sunday, October 8th. Dancing and refreshments will be features of the program, the latter in charge of Barbara and Sumner Segal.

A welcoming punch party held at the home of Presidents Phyllis and Daniel Bloom, first vice president; Selma and Leonard Freed, second vice presidents; Pearl and Max Schertzner, corresponding secretary; Anne and Frank Berson, recording secretary, and members of the board.

Couples desiring information concerning membership are invited to call Mrs. Alfred Green at WO 9-8992.

Tigers played well against the strong Everett team, which has been rated as a contender with Beverly for Class A honors in the Greater Boston League.

Newton South High has an open date this Saturday. The Lions seemed assured of a 6-6 tie against Framingham last week until the last minute. Dave Greenblatt intercepted a Framingham pass on his own 20, but South lost the ball on a fumble in the next play. Two quick pass plays brought the ball to the Lions one yard stripe, and Fullback Dick Todd plunged off tackle for the winning TD.

And at the Millis High Field, Our Lady's High was whitewashed 22-0 in a non-league contest.

Segregation Splits Church Chaplain Says

Episcopal Chaplain Rev. Myron B. Bloy Jr., of 51 Highland street, Newton, one of 15 Protestant ministers jailed in Jackson, Miss., for defiance of that city's segregation laws, meets tonight with other clergymen to discuss their experience with members of the Episcopal Society for Cultural and Racial Unity.

Rev. Bloy, 35, married and father of three, is Episcopal Chaplain at M.I.T. He said he and the others had hoped to avoid arrest in Jackson and that "we thought we had a pretty good chance of breaking the segregation pattern."

But the makeup of the group made no difference to Jackson authorities. Even the judge and the prosecutor assigned to the trial were Episcopalians, the minister said.

Rev. Bloy said he thought the action of the group, 12 whites and three Negroes, had served to focus attention "on the problems of segregation within the church."

He said the Episcopal Church is deeply involved in the integration crisis. Segregation within the church, he said, must be eliminated if it is to be "faithful to its own nature."

Rev. Bloy, who was released in bail furnished by Bishop Anson Phelps Stokes, returned to his Newton home last Friday. The bail for each was \$500, on their appeal from a sentence of four months in jail and \$200 fine.

They have to return to Jackson October 9 for another arraignment on their appeal. "The arraignment will last only five minutes," he said, "but it's Mississippi's way of making things as difficult and expensive for us as possible."

The ministers are trying to raise money for the trial and expenses through contributions raised from a series of talks to be given by the group about the incident.

Of their stay in jail, he said, the most distasteful was the food. "We had real meat only once," he said, "for Sunday dinner."

Women Voters Finance Drive Opens Monday

The Newton League of Women Voters will commence their annual campaign for funds with their finance drive from October 2 through October 16.

Mrs. Louis Homonoff, chairman of the committee, has planned to kick-off the drive with a briefing meeting for captains and workers to be held at the League Workshop, 72 Columbus St., Newton Highlands tomorrow, Friday, September 29, at 9:30 a.m.

Assisting are Mrs. Karl Joslow, general drive vice-chairman, Mrs. J. Ernest Smith, vice chairman for industry, and secretary Mrs. Herbert Nachman.

A coffee hour, instruction on procedure, and an address by Mrs. Herbert Klein, State Chairman of Finance, will comprise the agenda for the briefing meeting.

Captains working in the finance campaign will be: Mrs. Alan J. Strauss, Mrs. Franklin Flachsenner, Mrs. Nathan Richman, Mrs. Robert Leventhal, Mrs. Richard Gladstone, Mrs. Stanley Rudman, Mrs. Mildred Reynolds, and Mrs. Samuel Beaser.

About 50 workers recruited from the league executive board and members-at-large will also assist in the effort.

Funds will be solicited from people outside the League within the community, husbands of League members and local industries. A letter of appeal being sent to League members' husbands will be signed by three prominent members of the community: Joel Leighton, Hirsch Sharf, and Robert E. Segal.

Grant 2 Zone Variances

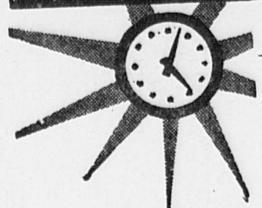

The Newton Zoning Board of Appeals has granted two petitions for hardship variance and legalized lots for new dwellings.

Granted were petitions by Morris Archer of 284 Parker street, Newton Centre, for subdivision of his lot for two homes, and that of N. A. Delicata of 6 Jewett place, Newton, for the purchase of a 10-foot strip from Edward Melia, 21 High street, Newton Highlands. Also legalized for construction of new homes were the Delicata and Melia lots.

The Board denied the request of Dana E. Blodgett of 10 Owatonna street, Auburn-dale, to legalize his two lots for a second dwelling.
